FOUR BILLIONS TO BE SPENT BY NEXT CONGRESS

Estimate of Appropriations
To Be Submitted to
Republicans.

By the Associated Press
WASHINGTON, Nov. 8.—Estimates upon which congress will make appropriation for the first fiscal year of the new republican administration are now being prepared by the various government departments under the direction of democrat cabinet officers and in accordance with the policy of the Wilson administration. They will be submitted to congress at the opening of the next session, December 6. Sharp changes are expected to be made under revision plans for the government before the new administration takes charge March 4.

The forthcoming estimate for the war department will be based upon the requirements of an army the size of which has been fixed by the republican congress, but the naval estimate to be submitted next month will be based on the democratic program. Secretary Daniels has repeatedly said that unless the United States became a member of the League of Nations it must maintain the most powerful navy in the world.

Under the program authorized in 1916 the government is now constructing five great battle cruisers and more than that number of super dreadnaughts. The forthcoming navy estimate is expected not only to include appropriations on this work, but also recommendation for additional warcraft.

Estimates for all of the government departments are expected to exceed four billion dollars. This total includes amounts for refunding portions of the public debt falling due during the fiscal year. The estimates for the present fiscal year exceeded six billion dollars, but these subsequently are reduced by something like two billion dollars. Whether all of the annual supply measures will be completed at the next final session of the 66th congress remains to be determined. President-elect Harding is expected to call a special session of the new congress soon after he takes office March 4th and it may be that some of the appropriation bills may go over to the next session.

Durant Citizen Married Prosecuting Witness Saturday

George Newton of Durant and Miss Mary Warren of Francis were married in Ada Saturday by Judge Anderson. Newton is the young man who was arrested at Atoka last Friday on a charge of seduction under promise of marriage and brought back to Ada by Deputy Sheriff Whitson. He was married to the prosecuting witness Saturday and the case against him was dismissed.

Citizen Fined In Justice Court for Being Intoxicated

Dewey Hardin was before Judge Brown in justice court this morning on a charge of being intoxicated. The offense is alleged to have been committed in Ada yesterday. He entered his plea of guilty and was assessed \$21.00.

AN INVITATION

Attention, Confederate and Republican army veterans; also Spanish war veterans:

The American Legion invites all of you to participate in the Armistice Day celebrations, November 11. We also want you to march in the parade in a column of squads preceding the World War veterans. We ask you to meet with us at the Harris Hotel at 9 o'clock on the morning of the 11th. If there are any unable to march there will be a place provided for you with the disabled World War veterans in automobiles. All are asked to wear full uniforms or as much of it as you have. The line of march will be from the Harris Hotel to the McSwain Theater unless otherwise designated or prolonged.

Fishing, Hunting and Golf On Harding's Vacation

By the Associated Press
ON BOARD PRESIDENT-ELECT HARDING'S SPECIAL TRAIN, Nov. 8.—Coming to Texas for a vacation after the trying requirements of his campaign, President-elect Harding declared today that he was determined to put thoughts of his coming responsibilities out of his attention and to give himself over for the next two weeks to complete rest and recreation.

In the language of his own profession he told his friends that he expected to stay off the front page and to cease temporarily to be more than a second-rater in the day-to-day columns of the American newspapers.

To Fish in Mornings.
From the time of his arrival today at Point Isabel, a small and remote village on the southern Texas coast, he was ready to plunge unreservedly into the swing of a real vacation. Hunting, fishing and golf are the particular vacation offerings of the place, but of the three he expected to omit hunting because it never has been among his favorite sports. A morning's fishing expedition and an afternoon on the golf links were to constitute his routine during virtually every day of his visit.

The fact that Point Isabel lies only six miles from the Mexican border has given rise to many whisperings of possible conferences and representatives of the new president-elect in Mexico, but those closest to Mr. Harding were inclined to throw cold water on such of these reports as have come to their attention.

Mr. Harding himself said today that no such conferences were "in prospect" and that he had heard

them expressed only in newspaper circulation.

The same attitude was taken by the president-elect toward published suggestions that he might begin, before his inauguration, informal conversation with European governments regarding the formulation of an association of nations. Not only does he want his vacation undisturbed, but he had said in public utterances that he desired to have no negotiations with foreign agents until he actually had come into authority.

Can't Act For Four Months.
The delicacy of Mr. Harding's position in that regard has been pointed out more than once by those closely associated with him. Elected to the presidency by an overwhelming majority, after promising many changes in the nation's foreign policy, he naturally is looked to by foreign governments to take the proper step to put these changes into effect; yet by a provision of American law, unique among the greater powers of the world, he remains a private citizen for four months, forbidden by diplomatic propriety to take any hand in the direction of executive affairs.

At a time when important international problems are pending, not only with the powers of the old world, but with Mexico, Japan, China and other nations, this situation has an additional interest. It is understood that several men representing themselves, either truly or falsely, as the spokesmen of foreign statesmen, attempted to gain interviews with Senator Harding at Marlon before the election, but his headquarters officials say all of them were turned away.

MUST FACE TRIAL FOR MURDER OF STEPDAUGHTER

Muskogee Man Had Wrongful
Relations With
Dead Girl.

MUSKOGEE, Nov. 8.—Robert W. Blakely, Brushy Mountain farmer, vainly sought life imprisonment here Friday rather than take a chance with fate and a jury on going to the electric chair because of his illicit love for his own stepdaughter, Effie May Allford, which led to her death at his hands.

At the same time, it was intimated that Mrs. Elizabeth Blakely, his wife and the mother of the girl whom he does not deny killing, who has been held in jail for the last two weeks on a charge of being an accomplice in the alleged murder, will be released because of inability of the county attorney's office to connect her with the murder.

When the county attorney, saying that his knowledge of the evidence in the case indicated was a cold-blooded murder which should be punished by death in the electric chair, refused to consent to a modification of the charge, the court refused to permit Blakely to plead to anything but murder. His plea was not guilty.

Taken into the district court to enter his plea to the murder charge on which he is to be tried Wednesday, Blakely, by his attorney asked the court for an opportunity to plead guilty to a charge of manslaughter in the first degree, the maximum punishment for which is life imprisonment.

The punishment for conviction on a charge of murdering is either death in the electric chair or life imprisonment. Life imprisonment is the maximum penalty for conviction of first degree manslaughter. Mrs. Blakely, arrested by Deputy Sheriff W. O. Manley, as an accomplice was alleged to have made the remark that she was sorry she had not killed her daughter before she left home on the day of the killing "so Bob wouldn't have to do it."

Children Are Committed.
It is said, however, that the county attorney's office has been unable to substantiate this.

On the strength of information that led them to believe Mrs. Blakely was trying to "school" another of her daughters, the only eye witness to the killing, deputy sheriffs in the county court Monday obtained an order committing the children to a state orphanage.

Blakely, sought by deputy sheriffs armed with a warrant for his arrest charging him with a statutory crime against his 16-year-old stepdaughter, fled from the country.

His return a week before the tragedy was not known by the officers. On the day of the killing Mrs. Blakely came to Muskogee to try to sell their farm that they might leave the country.

It was while she was in town that Blakely shot and killed his stepdaughter after she had stolen from the house and met a strange man at the spring a few hundred yards away.

Blakely was arrested several hours later by one of the posses of his neighbors that gave pursuit. Nine bullet wounds, inflicted by an army .45 Colt's revolver, were found on the girl's body.

New Street Sweeping Machine May Be Bought by Council

Every time Ada's antiquated street sweeper passes down a street scattering dust and pushing into the gutters much of the litter and trash which it is supposed to pick up, the observing citizen can see a multitude of reasons why a new, up-to-date machine should be provided.

The machine now in use once did good work, but like any other worn-out machine its day of usefulness has passed, and no one is better aware of the fact than the members of the city council who are now investigating several different kinds of sweepers with the object in view of selecting one best suited to the city's needs and purse.

A representative of a company which has furnished sweepers for most of the cities of the state has been here for several days and it is reported that members of the council are very favorably impressed with a certain machine put out by that company and Mayor Kitchen has accepted an invitation to visit a city where one of the machines is being used and see it at work.

GOVERNOR'S PAY IS \$50 A YEAR; HE LEADS TRIBE

Governor-elect Sopiel Mitchell, above, and Lieutenant Governor-elect Joe W. Dana.

Every four years the Passamaquoddy Indians elect their governor and lieutenant governor. The election is held on the banks of the St. Croix river, five miles from Eastport, Me. The governor draws a salary of \$50 a year and the lieutenant governor \$25. Sopiel Mitchell was elected governor early this month and Joe W. Dana was named lieutenant governor. They will be inaugurated next January.

FIND DEAD BODY NEAR RAILROAD TRACK

By the Associated Press
MUSKOGEE, Nov. 8.—The body of a white man believed to be Tom Maloy, about 60-years-old, was found along the Southern Pacific railroad tract near Port Gibson last night. There were no marks of violence on the body or around the place where the corpse was found, and the coroner's jury declared death was due to unknown causes.

Approximately \$500 in cash was found in the man's possession. Receipts showing Maloy had deposited \$400 in Liberty bonds in the First National Bank at Fort Smith, Ark., and a pass book showing he had deposited \$600 in cash between April and November of 1919, were also found on the man.

Walks Into Side of Passing Auto; Is Severely Gashed

Dan Newton, clerk at Levin's furniture store, was seriously injured shortly after noon today when he walked into the side of a passing Ford sedan as he went to cross the street. Newton's head crashed into the glass on the side of the car, inflicting several ugly gashes. He was rushed to the Faust hospital, where the wounds were dressed.

The car was being driven by J. L. Sanders.

"I tried to avoid the collision when I saw that he was not looking and that he would walk into my machine," Mr. Sanders told a representative of the News. "I swerved over to the side in order to keep from running over him, but he walked into the side, his face striking the glass."

The accident occurred in front of the Dodge Brothers sales room. Mr. Sanders was driving along behind another car. It appears that Mr. Newton only noticed the first car as he went to cross the street. The second car was upon him before he knew it. He was knocked to the pavement. Sanders at once brought his car to a stop and gave assistance.

STOLE LOVE OF SOLDIER'S WIFE NOW PAYS OFF

Showered Costly Gifts on
Her While Hubby Is
Fighting Huns.

MUSKOGEE, Nov. 8.—The sensational \$150,000 alienation of affections suit of James J. (Boss) Claxton against Eastman Richards, trial of which was to have started today in the district court, has been settled.

It was understood yesterday that Richards will pay the returned soldier between \$10,000 and \$15,000, ten per cent or less of the amount for which he sued.

More than 150 witnesses had been subpoenaed by the two sides to the litigation to be on hand when court opens.

One witness was ordered to bring her baby with her as an exhibit in the case.

Claimed Wife Stolen.

This was to have been the second trial of the case. The first trial resulted in a judgment for \$2,000 for Claxton. Richards' attorneys sought to pay off then but Claxton asked for and obtained an order for a new trial.

Richards' appeal from this order was later thrown out of the supreme court and the case set for trial again. Because S. M. Rutherford, one of Richards' attorneys, was a candidate for office, the case was continued at his request from its October setting to November 8.

Claxton in his petition and by the evidence he introduced in the first trial, charged that Richards stole his wife's affections while he himself was fighting on the battlefields of France by giving her expensive automobiles and placing in her hands the keys to his stores in Richardsville, the McIntosh county town owned by him.

The returned soldier, by his evidence in the first trial sought to prove that Richards' town and home is a refuge for men and women to gather for "wild parties."

Witnesses Missing.

Fighting the motion to continue the case until November, Claxton's attorneys said witnesses were spirited away and hidden in Richardsville, where they could not be found by deputy sheriffs trying to serve subpoenas during the last trial and that they feared the same thing would be done again.

Later the sheriff's office reported it was unable to find Elva Criswell, considered one of the most material

AMERICAN LEGION VETERANS TO LEAD ARMISTICE PARADE

Boys in Blue and Gray To
March Side by
Side.

A great parade led by members of Norman Howard Post of Ada, American Legion, will open the Armistice Day celebration in Ada Thursday. The parade will form at the Harris hotel at 9 o'clock in the morning. Veterans of the Spanish-American war and both sides of the Civil War have been invited to take part, and these will march behind the boys who made it hot for the kaiser's hordes.

Automobiles will be provided for those of the boys who have been disabled and for the old veterans who are unable to march.

The grand marshal of the parade has not been selected, neither has the line sergeant. These will be decided upon by Thursday.

On Thursday two years will have passed since the firing of the last shot on the fields of Flanders, spelling the end of the most gigantic war in the history of the world. Memories of the boys who participated in the massive drive of Democracy against Autocracy, and the civilians who so patriotically assisted in the great cause of humanity, are vivid with indelible emotions which will never be erased from the human mind. It is fitting and proper that the people of America pause during this intensive era of reconstruction and pay tribute to those who made the supreme sacrifice, to those who have returned from the fields of battle and to those who aided in the great cause at home.

Plan Great Celebration.
Norman Howard post of Ada is right on its toes by not only carrying out the national Armistice Day celebration, but by planning other things on the program to keep the men going all day and part of the night.

Miss Kellar of the East Central State normal will have charge of the Armistice ceremonies. The

witnesses against Richards. Claxton's attorneys at once said she had been induced to leave the country.

Attorneys for both sides declined to discuss the settlement but it was generally understood that Richards has agreed to pay between \$10,000 and \$15,000 and the costs in the case.

WRIST WATCHES

MAKE
MOST PLEASING
GIFTS

That's the reason the Ada News persuaded Mr. A. D. Coon, Ada's big jewelry dealer, to enter a beautiful white gold, fifteen jewel Swiss wrist watch in the Ada Daily and Weekly News Greater Circulation Campaign.

The News has one motto that it tries to adhere to though the heavens fall, and that is, "It never does things by halves." The News doesn't mean to give away a single "snide" premium in this campaign.

Every premium it is offering is the very best that money can buy. The larger premiums, of course, had to be purchased, but on these the News was given substantial reductions. Some of the smaller premiums were donated outright because the donors want Ada and Pontotoc county to have the biggest and best daily and weekly paper in the state of Oklahoma—and that's what they are going to have by the first of the new year, 1921.

Then, too, there is the advertising value that attaches to the gifts. The business men who are helping to make this campaign a success are going to get more advertising during this campaign than they ever had before, either free or paid for. That's the selfish motive on their part and the only selfish motive that enters into it, but it is a legitimate motive.

Mr. Coon handles nothing but the very best jewelry to be had and he doesn't rob the people on prices. Thus, in giving to the campaign the sixth prize in the contest, the beautiful wrist watch, he not only aids us in making the campaign a great success, but he advertises his own business in a way that couldn't possibly be done for money. The young lady or woman winning this handsome prize will have an article that is the best the market affords and one that will be an everlasting reminder of the business integrity of the man who gives it.

GO TO THEATRE

At the American.
The famous or infamous (according to your training, tastes and desires,) Pagan Ball given annually by the residents of Greenwich Village at Webster Hall in New York has been reproduced in Tom Moore's latest Goldwyn picture, "Toby's Bow." All the color of the ball, in costume and setting, has been caught in the picture. Dancing by exotically grown girls, solo dances in the futurist manner and informal groups of maskers idling and sauntering about the secluded bowers attached to the Bohemian dance hall, have all been produced in "Toby's Bow." The glitter and artificiality of these scenes are sharply contrasted with the simplicity of life on a Southern plantation.

The photoplay was adapted from the play by John Tainter Foote which ran for five months in the Comedy Theater in New York and then had a successful showing on the road. Today at the American.

At the Liberty
George Fitzmaurice, who has rapidly become one of the most successful motion picture directors in the business, passes another milestone on the road to fame with his first production to be released under his own name, "On With the Dance," featuring Mae Murray and David Powell. The picture, which is declared to be in every respect out of the ordinary, will be shown at the Liberty theater for two days commencing Wednesday.

Mr. Fitzmaurice started his cinema career as a scenarist with Pathe. It was there that he met Ouida Bergere, who afterward became his wife and they collaborated on several stories, among them "Via Wireless." His first experience as a director was with a picture called "New York," which was hailed as one of the most sympathetic and accurate portrayals of various phases of metropolitan life that has ever been screened. The film started Mr. Fitzmaurice well on the way to prominence and his successes with pictures starring Florence Reed, Fannie Ward, and Elsie Ferguson firmly established his reputation.

"On with the dance" was worked into a photoplay by Ouida Bergere. It is a story of a Russian immigrant girl, played by Miss Murray. She is selfish, beautiful and pleasure-loving. Temporarily yielding to temptation that leads her into New York "night life" with a vengeance the heroine later redeems herself and works out a happy destiny. David Powell has the leading male role. It is released under the Paramount Aircraft banner.

McSwain Theater.

Clyde, better known as "Rube" Mr. Clyde Hooper of Seeman's 1820 Revue company, now playing at the McSwain theater, is without a doubt one of the best and most original comedians that has been seen here in many a day, still in his twenties, this funny and original chap has made millions laugh thru his droll style of work. During the world war he aaaaaaa aaaaac the world war he was with his own company in France after the armistice was signed touring France and Germany show that was overseas Mr. Hooper has arranged this same show which is now being presented by him with the members of the excellent cast connected with Mr. Seeman's 1820 Revue company now at the McSwain theater and billed as their feature show. As an organizer of quartets, Mr. Hooper enjoys the reputation of the peer of them and is looked upon as a genius in arranging harmony which so many enjoy when they hear his excellent quartet each night in conjunction with the performance presented by the 1820 Revue. To know Mr. Hooper personally is the best way to appreciate just how funny and droll he is on and off the stage. Friends of Mr. Hooper who are well acquainted with his work and capabilities as a fun maker usually laugh when buying their ticket before entering the theater, this is what Hooper tells on himself. If you haven't seen this funny little "old man" do so and enjoy one of the best comedians now touring this country with a popular price attraction. The picture program is far superior to anything else offered in the amusement line, being a super-feature in every way, either the picture program or the stage offering alone is worth the prices of 25 and 50 cents, but for this amount you can see both.

SCHOOL WEEK TO BE OBSERVED THROUGHOUT U. S.

WASHINGTON.—"School week" will be observed over the country December 5 to 11. Commissioner of Education Claxton has requested the governors and chief school officers of the states to take such action as may be necessary to cause the people to use this week in such way as it will most effectively disseminate information in regard to the conditions and needs of the schools.

Chambers of commerce, boards of trade, women's clubs, rotary clubs, labor unions, farmers organizations and patriotic and civic societies are requested to devote one meeting to a discussion of the needs of education in their states. The ministers also are asked to devote one of their church services on Sunday, December 5 for emphasizing the importance of education.

Friday afternoon and evening of school week has been designated as the date on which community meetings in the interests of education should be held in all school houses, both in the city and country, for the purpose of discussing the needs of the schools, the means of meetings these needs and remedying conditions.

PRETTY DRESS COST GIRL ONLY TWELVE CENTS

MURRY, Ky.—A dress that cost twelve cents won the thrift prize at the Calloway school fair here recently and probably set a record for this and a number of other states.

Miss Eunice McLane, young and pretty, looked very attractive in her gown costing a dime and two cents.

This is how she did it. In her search for available material she found a piece of oilcloth that had been used on the kitchen table for seven years. She boiled it, making it a thin soft material, bought five cents worth of dye, and colored it pink.

Then wishing to embroider it, she had to pay seven cents for an embroidery pattern.

She used ravelings of the material to sew the dress up and the ravelings of a silk stocking to embroider it with.

Second prize at the school fair was won by Lillie Grogran with a dress of all new materials costing 56 cents.

STATE FARMERS ARE FOR LAW CHANGES

MUSKOGEE.—Union labor in Oklahoma is getting control of legislation through the initiative and referendum law of the state.

The means to be taken, according to John Wilkinson, president of District No. 21 United Mine Workers, will be the formation of the state of a "referendum league" which will enter actively into the political field.

The movement will be inaugurated at a series of conferences of farmer and labor leaders beginning tomorrow night at Oklahoma City. President Wilkinson left last night to attend the conference.

"We have learned by experience," said Mr. Wilkinson, "that it means nothing to win victories by strikes in the industrial field and then have them legislated away from us.

League To Be Non-Partisan.

"On the statute books of the state we have the laws which give us the power to initiate legislation we want and nullify legislation we don't like. These laws have never been invoked, but we now expect, through a solidified movement of the elements whose interests are in common, to make the referendum league a vital and living force in the industrial situation in Oklahoma and to bring the initiative and referendum in this state into full force and effect."

Membership in the referendum league, Mr. Wilkinson declared, will be non-partisan and absolutely without regard to political creed or party affiliation.

"The farmers and the laboring men have much in common," he said. "And when organized they will constitute a body that can control the situation.

To Enter Next Election.

"All we hope for cannot be accomplished over night. It took many years for the labor party to become a power in English politics—the start was made in 1835—but we expect to have the league on a working basis within the next few months and to enter the next general election, two years from now, with sufficient strength to make us a controlling factor.

"Practically all union men are in favor of such a league and the farmers of the state are becoming organized.

"The combined strength of the laborers and farmers cannot be overestimated."

Small Oil Men Suffer.

Oklahoman: Waste in the oil industry, as it is conducted in many of the Midcontinent fields, is enormous, according to Frederick A. Delano, federal receiver of the Red River disputed territory.

"The day of the little fellow is passing," Mr. Delano points out, "be-

FIRE-PROOFING WORKING CLOTHES FOR THE WORKINGMAN

Fire-proof clothes for working men and of a type that can be generally used everywhere promise to appear on the market soon. At the request of one of the largest manufacturers of work clothes in the country Fred A. Howard, the noted chemist of South Easton, Mass., has produced a formula for fire-proofing textiles which will not rot, change the color of the goods, nor has it any odor. Mr. Howard has brought his new discovery to the point where cloth which has been immersed in the solution absolutely resists ignition. A year's test has proved that the solution unlike most of those now used will not rot the fabric. Mr. Howard has developed a process whereby milk is treated, the but-

ter fat casein and other constituents being taken out while all other food values that can be assimilated by typhoid fever and other patients of low vitality or poor digestive ability are left in. The formula was developed for patients of the late Dr. Heber Smith, Professor of Materia Medica of Boston University, and Mr. Howard proposes to donate it to the medical profession. He has achieved marvels in developing formulae for manufacturers of boots, shoes, leather belting and gloves. His latest invention, korite, has been proved to double the life of leather under actual wearing tests. The chemical is said to permanently affect the fibers of the leather and to render the leather impervious to water although admitting air.

cause the great overhead expense of the small independent operator is too large to allow a fair profit for the money invested."

As an illustration Mr. Delano cites many of the small operators in the bed of the river who were operating at a loss through independent pumping methods. Many of these were running crews with boilers merely to pump wells, while others were swabbing the wells instead of pumping. Large field and office forces were necessary in most cases.

"Co-operation or merging of these companies is the only remedy," he says.

Stefansson found the blond Eskimos disliked all forms of civilized diet.

SEMINOLE TRIBE PULLS UP STAKES

PALM BEACH, Fla.—Led by their chief, Tony Tommy, the remaining largest single group of Seminole Indians, soon will move from their old haunts in this part of the state to a new reservation on the Florida west coast, about

forty miles from Fort Myers. The new home of the Seminoles will consist of a reservation of approximately 21,000 acres, completely fenced in and including a portion of the Everglades. Although part of the reservation is under water, the arable portion is sufficient to support the Indians with land to spare.

The Seminoles in their new home will be provided with schools and they have agreed to submit to compulsory education laws.

"The wicked are overthrown, and are not; but the house of the righteous shall stand."

GASOLINE AND THE GOSPEL

If you had to find a country church nowadays, would you know where to look for one? Do you have in mind an old fashioned country church similar to the old one back in the old state, where you learned the catechism and heard for the first time the story of Moses in the bulrushes? How long has it been since you saw a rural church anywhere in this corner of the great Southwest?

It is a disquieting truth but a patient one that the old country church has about disappeared from the modern scheme of things. The ambitious young theologian is now assistant to some recognized city pastor. A small per cent of the rural folk motor to town every Sunday to hear the gospel preached. A larger per cent have become permanent residents of incorporated towns, where they can attend church regularly if they wish. The country church has died and a large part of our population find themselves without any facilities to worship on the Sabbath day.

It is really a serious situation. The country church was the backbone of our civilization for several hundred years. It supplied the ministry with new blood and brains and kept moral standards up to an enviable and satisfactory mark. It trained the people in the essentials of good citizenship and made and kept this a Godfearing nation. The disappearance of the rural church is a calamity to the country that must not be under estimated in its grave potentialities.

It is not possible to name the one cause that has banished the rural church from our country for the very simple reason that there is no one reason. Many things have combined to drive the church out of the rural districts. Not the least of these reasons is the execrable state of our country roads. This was not so important when people traveled horseback or drove leisurely to church in the old farm wagon that could negotiate almost any kind of road. But those conditions have disappeared with the church itself.

The advent of the automobile in the rural districts has wrought marvels, and not all of those marvels are for the good of the country. The introduction of the auto made travel by any other conveyance unpopular. It also enabled many of our rural citizens to drive a dozen miles on Sabbath morning and attend church in the city. Thus the number of church attendants was reduced and the church began to decay.

A permanent system of hard surfaced roads would go far to re-establish the country church. In those sections of the country where permanent roads have been constructed there has been a marked improvement in church conditions. Better churches have been erected and the attendance on worship has increased very materially. Wherever twelve month roads have been brought into being a genuine back to the farm movement has been inaugurated and the rural church has been revived.

No one challenges the right of a citizen to vote his conscience and his convictions, and for that reason no one should criticize any democrat who honestly believing a change was necessary voted the republican ticket Tuesday. But this general statement does not include that small coterie of infinitely small politicians who for a cash consideration voted the republican ticket. The men who sold themselves and their party for cash will live long in the contempt of respectable people. Even the fixers who paid the price will hold these meal ticket patriots in everlasting contempt. The world loves a fair fighter and a good loser. It respects the man who votes an independent and conscientious ballot. But the man who sells himself to the highest bidder receives the condemnation of every honest citizen. The greatest favor these Judases can show the public is to follow Judas's example and go out and hang themselves.

Writing as a holdover senator not as a partisan editor we may reveal this valuable and interesting information that in the approaching session of the Oklahoma legislature we shall support every meritorious proposition advanced by the republican contingent. If they have any valuable ideas in their repertoire, let them bring those ideas out for an airing and we shall help with one affirmative vote. But the powers that be can count us out right now when it comes to converting the legislative session into a clearing house for political horse play.

When we moved out of Seminole county two years ago every county official except one was a democrat. In the election last Tuesday the democrats of that county lost everything but one commissioner and one constable. But we can't live in every county where democratic votes are needed. The demand covers entirely too much territory.

The republican governor of Vermont pardoned a republican ex-governor of that state the same day the ex was sentenced to the penitentiary for embezzlement. If it had happened in Oklahoma—you say it.

Vinita Journal: Anyway, the women voting can make a huge majority in case of landslides.

Marlow Review: Thomas A. Edison may be able to talk with the dead, but he has not yet got any interviews out of defeated candidates.

Tishomingo Capital - Democrat: The boll weevils and the republicans have darned near ruined this country—but look what they did to poor old Coal county.

Vinita Journal: President-elect and Mrs. Harding will go to Texas for a vacation. The senator doesn't seem satisfied with Texas out of the fold and goes down there to win the Lone Star's friendship if not its votes.

Pittsburg County Guardian: What the dickens do we care about the vote in Ohio or Chicago, anyway? The Fourth Ward is still democratic. That's where we live, move and help keep the country headed for the New Jerusalem.

Pittsburg County Guardian: The sad part of it that if some one should ask Mr. Harding how it feels to be president-elect of the United States, he couldn't answer until he had a conference with Penrose and Smoot. Ain't it a shame?

There are 12,000,000 negroes in the United States.

Miami News: The silent vote doesn't refer to the man who stays at home and minds the kids while his wife is out campaigning.

Hominy News: The News declines the invitation to lambast the mystery act lately put on at a local theater. The News has no intention of blaming the theater managers the show folks or itself for the amazing credulity of the Hominy people. If they choose to lose their balance, lose their religion, maybe lose their homes, and get part of the male population killed or in jail for killing, we know of no help for it. The people who put on these acts know perfectly well they are playing a dangerous game, but there is money in it, and the folks like it. It is only a question of a few weeks until we shall read that some husband has undertaken to get even by staging a first class act for the coroner and the newspapers.

In the afternoon, the Ada high school will battle the Okmulgee high school on the normal gridiron in a fast game of football, for the benefit and entertainment of the ex-service men. The tickets will be on sale tomorrow by the girls of the high school. The price will be 75 cents for general admission, with an additional charge of 25 cents for grand stand seats.

The proceeds of the game go to the Norman Howard post building fund. The game will be called at 3 p. m.

The evening will be devoted to a merry party put on by the Elks for members of the local post of the legion, and for all other legionaires who may happen to be in Ada on that day. It is left to the men to decide whether or not they wear their uniforms and war decorations. The government asks that all men wear the uniforms and decorations, however. It is requested that all of the men wear their uniforms for the parade.

SEES GROWTH OF NONPARTISAN LEAGUE

By the Associated Press

MINNESOTA, Nov. 8.—Results as to the election are construed as "a remarkable gain" for the national non-partisan league in a statement to the Associated Press today by Oliver S. Morris, director of league publicity and editor of its national publication.

"League candidates polled more than three million votes in nine states," Morris said. "This is more than three times the vote of two years ago. Although the league candidates for state offices in Minnesota were defeated by large majorities, men endorsed by the league in Wisconsin and North Dakota were elected governors and in North Dakota the first non-partisan United States senator was made."

Little Foxes
Among my tender vines I spy
A little fox named "By and By."
Then set upon him quick, I say,
The swift young hunter, "right away."

Around each tender vine I plant
I find the little fox, "I can't!"
These, fast as ever hunter ran,
Chase him with bold and brave
"I can!"

"No use trying!" Sags and whines
This fox among my tender vines;
Then drive him low and drive him high,
With this good hunter named "I'll try."

Among the vines in my small lot
Creeps in the young fox, "I forgot!"
Then hunt him out and to his den
With "I will not forget again."

A little fox is hidden there
Among my vines, named, "I don't care."
Then let "I'm sorry—hunter true,
Chase him afar from vines and here.

PRETTY ACTRESS STARTS FASHION FAD

Miss Ada Mae Weeks.

Why be an actress if you can't start a fad once in a while, is the opinion of Ada Mae Weeks, the pretty actress now pleasing Broadway audiences in "Jim Jam Jems." Miss Weeks starts a new fad weekly. Her latest is a beautiful mole scarf lined with brocade. The brocade is brilliantly colored and has a poppy design with huge flowers. Already "everybody" is getting out their old scarves and lining them with flowered brocade as Ada Mae.

Ford Rescued from Quicksand in South Canadian Near Byng

To be buried in the treacherous quicksands of the South Canadian and on the fourth day rise again was the fate of a Ford coupe owned by D. H. Holder traveling salesman. This new Ford record was started November 5, when Mr. Holder undertook to cross the South Canadian near Byng. One hundred eighty feet of the low water bridge at that place was washed away a month ago but the water is not very deep and several cars and cotton wagons cross each day, finding the shallow water to the end of the bridge.

Not being familiar with the circuitous route which led to the bridge, Holder engaged a man to hitch his team to the front end of the car to pilot him and be ready to give him a pull in case anything should happen.

As is usually the case when a man looks for trouble, trouble came, for just about the middle of the channel one of the rear wheels of the car dropped into a hole and commenced to spin helplessly. The team was called upon to render first aid but one of them, being of that long eared Missouri species which never fail to fail in a pinch, balked, and all the beating, cursing and praying of the joint assemblage could not have the least effect upon the stubborn mule. Another team was sent for and sworn in as pinch hitters but they also refused to function.

Darkness was approaching and the Ford was settling in the quicksand, but apparently nothing could be done to relieve the situation and Mr. Holder anchored the car to a tree with a rope and came to Ada.

During the night the river rose about a foot and nothing could be done toward removing the car until the morning of the 6th, and by that time it was almost out of sight in the sand. Men were put to work moving a drift which had lodged against the bridge and the logs from this drift were so arranged that the channel of the stream was diverted from the car and the work of digging the sand away from around it commenced. After this had been done poles were placed under each wheel of the car and used as levers to pry it out. Progress was very slow and not until the afternoon of the 7th was it possible to pull the car to solid ground.

White Men Shoot Dice With Negroes All Are Fined

"Sweet mama needs a pair of new shoes—come sebon!"
A pair of small bones rolled out on the table, spinned for a moment then did the "shimmy" and stopped. The big coon who had "shot" the dice heaved a sigh of relief.

"Fate dat money, boys!" he ordered, his eyes feasting on the seven which had come in response to his plea to the Goddess of Chance.

The "boys"—two other blacks and five white men—reached into their pockets to "fade" the bet. Hist! What was that? A heavy footstep sounded outside the door. Lawdy mussy—the law! The blacks turned ashy white, and the whites sickly pale. It was quite a mixture of colors, with variations of hues and tints. Who would have thought that the law would be visiting a dive in downtown at 2:30 in the morning?

The eight men were arraigned before Mayor Gary Kitchens this morning charged with violating the anti-gambling laws, "playing with dice and betting." Each man was fined \$8.75.

The white men were W. A. Weaver, Steve Holland, W. S. Bacon, Lee Watson, Paul Combs and Will Blythe. They were all caught red handed in a place operated by Ed Price, known to the denizens of his particular sphere as "Goldie."

"We try to prevent white men from going to the colored settlement and causing disturbances there," the mayor said this morning "but it seems that some of the fellows can't be kept away from there. Most of our colored citizens are peaceful and law abiding and want to keep their places, but they can't do it

when white men go there and cause them to violate the law."

Attention, Elks.

Tonight is the regular meeting night and all are requested to be present as most everyone will participate in the initiations November 22 and 23, so it will be necessary that you learn tonight what you are expected to do.—Sam Schienberg, Exalted Ruler. 11-8-1td

Father's Friend

A treatment for the nervous disorders of men.

"Procrastination is the thief of time."
Disease comes upon us like a thief in the night, undermining our health while we are unconscious of it.

DON'T PROCRASTINATE!

If you have ailments such as the following, don't let them continue, it will mean grief and suffering before long. Physical and mental weakness, lack of vitality, nerve force or muscular vigor, heaviness, aching of back or limbs, constipation, kidney and bladder trouble, melancholia, etc., such ailments are pulling thousands of men down and shortening their lives every year.

Are you one of them? Then see your druggist at once and get a 30-day treatment of Father's Friend, read the booklet inside the package and add years of health to your life.

DAILY AND WEEKLY NEWS ANNOUNCES BIG CHRISTMAS PRIZE DISTRIBUTION

Circulation Building Campaign Open To All—
Will Be Biggest Event In History of Pon-
totoc County—Costs Nothing To Try.

Essex Touring Car Is Grand Prize

Essex Touring Car, Valued at \$1785.00 to be Given
Away. Every Active Contestant Assured of
an Award or Cash Commission.

The News Publications.
Pontotoc county, of which Ada
is the county seat, is given up to
be one of the richest and most ver-
satile farming and stock growing
sections in the whole state of Ok-
lahoma.

Coupled with this is oil and
natural gas, industries with large
payrolls and practically every other
resource and enterprise to be ex-
pected in a wealthy and rapidly
growing city and county.

In such locality it is quite nat-
ural that the people demand a wide-
awake, progressive and up-to-the-
minute daily and weekly newspaper
—the daily for the city dweller and
the weekly for the people living in
the rural districts.

The management of the Ada Even-
ing and Weekly News has, since
assuming ownership and manage-
ment of the institution a little over
a year and a half ago, striven to
supply this demand and give the
people the very best daily and week-
ly newspaper that the traffic would
bear, putting back into the business
in the form of equipment and ex-
perienced labor every cent of profit
that accrued.

Yet we are not satisfied. It is
our aim and ambition to make the
daily a still better paper, and at
least double its circulation in the
city. It is also a dream of the
management to make the weekly
a big sixteen-page farm and home
paper—one that will obviate the
necessity of the rural dweller in
Pontotoc county taking any other
paper. He can even discard his long
range farm papers, for that is what
one section of the big Weekly News
will be from this date henceforth—
a real farm and ranch paper.

Our dream for both papers is soon
to be realized as the reader will
ascertain on reading fully and care-
fully the contents of this page.
Here are our plans. May we have
your co-operation?

We Want 5,000 Subscribers by
Christmas.

With this end in view we have
planned, and today announce, the
most liberal prize offering ever
made in this section of the state—
a campaign in which a brand new
Essex Touring Car, valued at \$1785
list will be given away.

OUR SLOGAN—“EVERYONE WIN”

One of the features of this big
prize distribution is the fact that
there will be no losers in this
race, as a cash commission of twen-
ty per cent (\$1 out of every \$5

collected) will be paid all active
non-prize winners, which, in itself,
is an excellent business proposition.
This is not a “something for
nothing scheme,” in fact it is no
scheme at all. Neither is it a chari-
table undertaking on the part of
the News. It is a business proposi-
tion, pure and simple. Its object is
to advertise jointly these newspapers
and the splendid qualities of the
Essex Touring Car; to secure new
and renewal subscriptions to the
Evening and Weekly News, and last,
but not least, to win for these pub-
lications a welcome in every home
in Pontotoc county and surrounding
territory.

Want 5,000 New Subscribers.
Will it pay? This is a question
that will naturally occur to all who
read this announcement. Yes, it
will pay. Not in dollars and cents,
perhaps, for the expense of the un-
dertaking is very heavy, but there
are other dividends that newspapers
earn other than that expressed in
terms of money.

During this campaign thousands
of new subscribers will be added
to our list, which will mean an im-
mediate enhancement to the poten-
cy of these publications as adver-
tising mediums; a large number of
Pontotoc county's best hustlers will
be happier and richer in pocket-
book as a result thereof, and there
will be a great amount of satisfac-
tion in all that, besides the general
good engendered and prestige gained
for the Evening and Weekly News
will be almost inestimable.

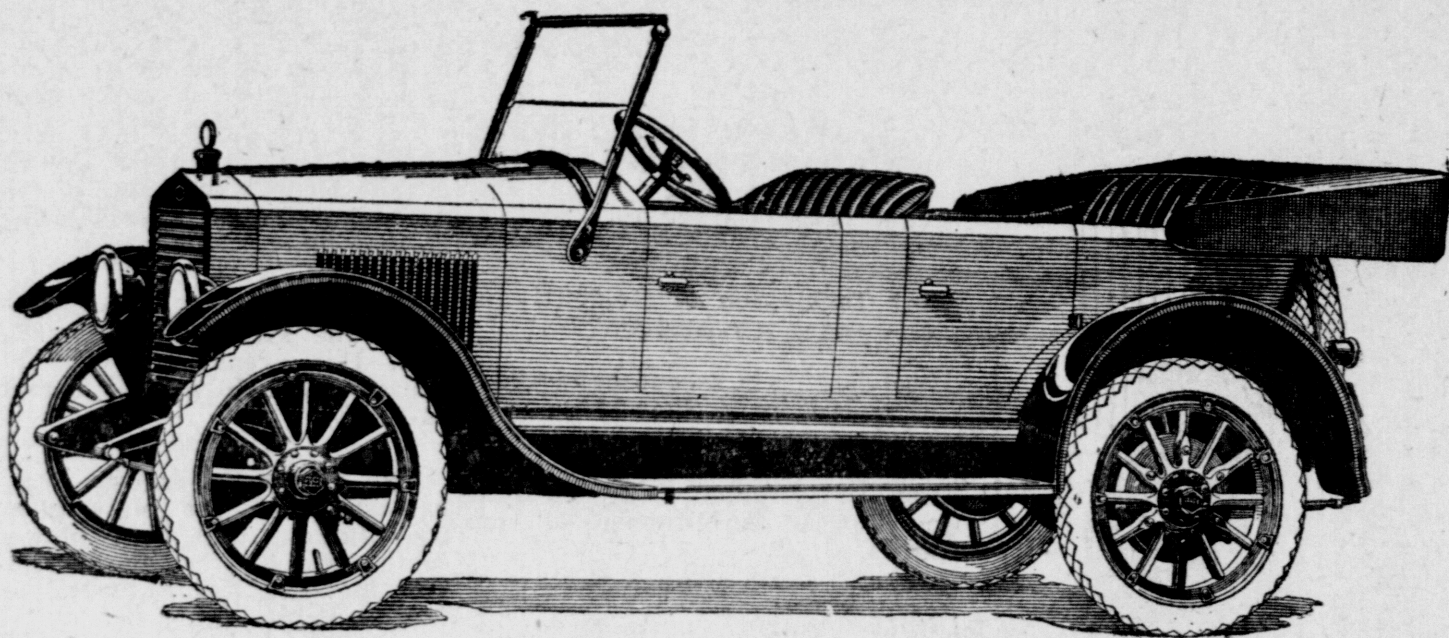

Short and Snappy Affair.

The campaign will not be a long,
drawn-out affair, extending over a
period of several months, but is of
seven and a half weeks' dura-
tion. Think of being able to se-
cure in seven weeks time prizes that
would ordinarily require months,
even years, of saving and self-denial
to acquire, yet that is exactly what
the News publications is offering
you here for a few weeks of your
spare time and interest in helping
us to extend our subscription list.

Information and Assistance

In order to give everyone who
enters this contest the greatest pos-
sible assistance, the publisher has
secured the services of Mr. and Mrs.
W. J. Kirkpatrick and Mrs. Irene
Johnson, who are thoroughly ex-
perienced in this line of work, and
who will give their entire time and
attention to those who desire to
participate.

Come in and see them person-
ally, and secure first-hand information
as to how to go about winning one
of the valuable prizes offered. Or,
if you can't call, clip the nomination
coupon appearing at the bottom of
this page and mail it in to the
“campaign department of the Daily
and Weekly News, Ada, Oklahoma.”

Grand Capital Prize

TO THE PUBLIC:

The Essex is too well known in Pontotoc county to call for lengthy descrip-
tion. Many satisfied owners in this locality attest to its worth. Remember this—
you can get out of a motor car only the serviceability the manufacturer builds into
it. On this basis the Essex assures you day-in-and-day-out service.

Call at the salesroom and have Mr. Ford show you the latest model and explain
Essex superiority.

On the Nomination Blank Below—Be a
Prize Winner Christmas Eve.

Every Active Contestant Will Win

No Matter Whether You Live In the City or Country,
your Chances Are Equal—Territory is Divided
Into Two Districts.

The Ada Daily and Weekly News' \$3,000 Christmas Prize Contest opens officially Saturday, November 6. It will close Thursday, December 23—just a few days before Christmas—at 8 p. m. Nominations will be received during the coming week and thereafter, and receipt books together with full particulars regarding the campaign, will be mailed or delivered to every one interested. Nominations are wanted from every part of Pontotoc county and territory contingent thereto. Send in your list of nominations. \$25.00 in gold to the first person who nominates the winner. Send us the name of the person whom you think could win.

There are seven big prizes offered besides a 20 per cent cash commission to all active non-prize winners. No one will go unrewarded.

Absolute fairness is assured to all who engage in this contest. No favoritism will be shown anyone. What the News publications want is paid in advance, bona-fide subscribers and the best way these can be secured is by personal solicitation, writing letters, and by the assistance of friends and neighbors. This is not a something for nothing plan—it is a straight forward business proposition and there is no reason why any reputable person should not enter his or her name NOW.

Early Start Means Much.

This campaign is to be of very short duration. It will extend over a period of but six weeks. The candidates who see the opportunity here presented and throw their hats into the ring right at the beginning will have a big advantage over those who hesitate and hold aloof. There is everything to gain and nothing to lose in this race. Do the first thing first. Write down your name and address on the nomination blank below and mail it at once; or better still, if you can, come to the office of the Ada News and get detailed information at first hand.

Once you have entered the race, do not drop out. You can win. Some one is going to ride in his or her own Essex on Christmas. Why not you?

Everyone Wins.

The Evening and Weekly News do not ask residents of Pontotoc county to canvass for subscriptions and then take chances on getting a reward for their efforts. The News agrees to pay all candidates who participate in this big Christmas Prize Distribution a cash commission of 20 per cent (\$1 out of every \$5 collected) for all subscription money turned in, provided they turn in one or more subscriptions each week after they start to work, and in the event such candidates do not win one of the eight prizes offered. Candidates who enter this campaign are not flirting with a game of chance, for all active participants will be fittingly rewarded.

Time to Act Now!

Don't be a "sit-on-the-fence." Be a "doer." The best way to test your initiative is to sign and send in the nomination blank appearing below AT ONCE. This starts you. The rest will be easy. You will not find vote getting at all hard or tiresome. In fact, it will afford a great deal of pleasure and should prove exceedingly profitable. Show your ambition. ACT NOW!

Receipt Books Ready

The Daily and Weekly News has printed a large number of receipt books for the use of candidates and their friends in taking subscriptions. These receipt books will be mailed out as fast as nominations are received and will be delivered to those who call for them.

The Sixth Prize Will Be

TREED!
AN IDOL OF THE NUTTING SEASON.ADEQUATE PAY
FOR TEACHERS

Teachers worthy of places in the schools in which American children are prepared for life, for making a living, for the duties and responsibilities of democratic citizenship, and for eternal destiny, can never be fully paid in money. Men and women worthy of this highest of all callings will not think first of pay in money or in any other form. For teachers, Ruskin's saying holds: "If they think first of pay and only second of work, they are servants of him who is the lord of pay, the most unnerve field that fell. If they think first of the work and its results and only second of their pay, however important that may be, then they are servants of Him who is the Lord of work. Then they belong to the great guild of workers and builders and saviors of the world together with Him for whom to do the will of Him that sent Him and finish His work was both meat and drink."

Teachers who do their work well and who, either in fact or by faith, see the world made better as a result; individuals made healthier,

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success. They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they clear clouded brain and perk up the spirits.

Wiser, happier; sin and suffering made less; the common wealth made more; social purity and civic righteousness increased; public laws made more just; patriotism broadened and purified, state and nation made stronger and safer against attack from without and decay from within; and the world lifted onto a higher plane and into a brighter sunshine and purer atmosphere, are possessed of wealth unseen and for most unseeable.

But this should not be made an

excuse for putting public or private education on a charity basis, nor for paying teachers the miserably low wages they are now paid. It should not be made an excuse for paying such wages as will not permit schools boards and superintendents to fix reasonable minimum standards of qualifications for teachers because young men and women who expect to teach cannot afford to incur the expenses necessary to prepare themselves to meet the requirements of such standards. It

should not be made an excuse for failing to increase the pay of teachers, as the pay in other professions is increased in recognition of proved merit and in proportion to increasing ability gained through experience, continued study, and constant devotion to duty.

Worth Trying.
"Here I am, unable to find a place to lay my head, yet the town is full of garages," said the fretful visitor.
"Why don't you speak to a garage owner?" asked the optimistic citizen. "For the price of a hotel room and a bath he might let you sleep in a car."

For Economy's Sake.

Mrs. Wye—Yes, indeed, and it's quite a saving. The more she is away the fewer dishes she breaks.

Tahlequah Defeated
By Ada Normal in
61-0 Game Saturday

Outclassing their opponents in every way East Central State normal gridiron warriors defeated Northeastern State normal by the score of 61-0 on the Ada normal field Saturday afternoon.

The failure of nine forward passes, out of eleven attempted, helped to hold Tahlequah eleven to their original nothing while the Ada team reaped nine touchdowns and two safeties by playing straight ball.

Roach, Victor and Oliver registered two touchdowns each and Hardin, East and Brazil donated one each.

The visitors put up a brave fight and played a clean game but at no time were they permitted to pierce the Ada line to exceed five feet.

More than 1,000 persons saw the game and cheered wildly time after time as the Ada stars, by sheer force and superior skill, drove their opponents across the field, and planted the elusive pigskin safely beyond the home goal.

A touch of the tragic was added near the end of the last period when Marvin Cassidy was carried from the field bleeding from a scalp wound received while making a magnificent tackle.

The line up:

Ada	Pos.	Tahlequah
Brents	LE	Hunt
Cassidy	LT	Schulke
Cannon	LG	Wilson
Brazil	C	Fite
Dorsey	RG	Patterson
Hardin	RE	Willbright
MacMillan	RE	Thorne
Cover	QB	Willbright
Oliver	LH	Lawrence
Roach	RH	Goins
Washington	FB	Thompson

The score by periods:
Ada 11 25 12 13—61
Tahlequah 0 0 0 0—0
Referee, Wray, Missouri U. umpire, Whipple of Oklahoma A. and M. Time of periods 12—15—12—15.

Teacher Training Class.
The teacher training class will meet this evening in the Christian church at 7:30. The class will study the early life and times of Abraham. A little while will be occupied in a study of the distribution of the races of mankind starting with the flood and coming down to the present time. Visitors always welcome.—C. V. Dunn, Instructor.

Christian Church to Hold Revival
The Christian church will hold a revival meeting beginning the twenty-first of this month. Charles M. Schoonover, of Durant, will hold the meeting. Brother Schoonover is doing a successful work at Durant and is much loved by the people there. He is known to some of the people of Ada, and was Dr. Linscheid's minister for some time. Mrs. Schoonover is a fine singer, but we can not say at the present time whether she will be here or not. The question of the man was decided on yesterday in the meeting of elders and deacons, to whom the church had left the decision. We are looking forward to a good meeting.—C. V. Dunn, Minister.

HOW STATES VOTED FOR PRESIDENT IN 1916, CONGRESS IN 1918

The various shadings of the different states, explained by the key in the lower left-hand corner of the map, show how the states went in the presidential election in 1916 and the congressional election in 1918.

More Divorces Are
Petitioned For in
The District Court

Three new divorce cases have been filed in the district court of Pontotoc county, according to the records in the district clerk's office. Edward Deaton alleges cruel treatment and neglect in his suit for divorce from his wife, Mrs. Pearl Deaton. He alleges that he married the defendant at Wewoka January 8, 1918, and lived with her until some time recently. He is represented by Joseph Anderson as attorney.

Cruel and abusive treatment is advanced as the reason for the suit for divorce filed by Mrs. Willie Needam against her husband, John Needam. She states that she was married to defendant at Allen, December 17, 1919, and left him on August 17, 1920. During the time she lived with defendant he was cruel and abusive to her, she alleges. She asks for a divorce and the restoration of her maiden name, Willie Shelton. She is represented by Wimlish & Duncan.

Suit for the annulment of marriage has been filed by Solon McDonald. He states that he was married to Ola Gray at Allen October 20, 1920, but that the contracting parties are first cousins, and for that reason the marriage was void. He asks that the marriage be set aside. He is represented by A. C. Chaney.

and will be found on display in the window of their store. We are very glad to give such useful as well as artistic articles as our eighth prize. To those who do not win one of the eight prizes we will give a twenty per cent commission on all the subscription money they bring in.

Early Start Means Much.
The campaign is to be of very short duration. It will extend over a period of but six weeks' time. The club member who sees his or her opportunity and throws a hat into the ring at once will have a better opportunity than the one who hesitates and holds aloof. There is everything to gain and nothing to lose by joining the salesmanship club at once. Do the first thing first and sign

the blank in this paper called the nomination blank, and then send it—or better still, bring it—to the Ada Daily and Weekly News office, and we will give you the detailed information as to how to go about the work, at first hand. Once you have joined the club get out and work. Don't get discouraged and drop out. You can win. Someone is going to ride in that Essex car and it might as well be YOU.

Time to Act Now.
Don't be a "sit-on-the-fence." Be a "doer." The best way to test your salesmanship ability is to fill out the nomination blank and bring it to this office. We will give you the books and information necessary and the rest will be easy. Start AT ONCE. You will find it not at all hard to secure the credits. In fact it will afford you a great deal of pleasure and should be exceedingly profitable. Show your AMBITION. ACT NOW!

FOUR BILLIONS TO BE SPENT BY NEXT CONGRESS

Estimate of Appropriations
To Be Submitted to
Republicans.

By the Associated Press
WASHINGTON, Nov. 8.—Estimates upon which congress will make appropriation for the first fiscal year of the new republican administration are now being prepared by the various government departments under the direction of democrat cabinet officers and in accordance with the policy of the Wilson administration. They will be submitted to congress at the opening of the next session, December 6. Sharp changes are expected to be made under revision plans for the government before the new administration takes charge March 4.

The forthcoming estimate for the war department will be based upon the requirements of an army the size of which has been fixed by the republican congress, but the naval estimate to be submitted next month will be based on the democratic program. Secretary Daniels has repeatedly said that unless the United States became a member of the League of Nations it must maintain the most powerful navy in the world.

Under the program authorized in 1916 the government is now constructing five great battle cruisers and more than that number of super dreadnaughts. The forthcoming navy estimate is expected not only to include appropriations on this work, but also recommendation for additional warcraft.

Estimates for all of the government departments are expected to exceed four billion dollars. This total includes amounts for refunding portions of the public debt falling due during the fiscal year. The estimates for the present fiscal year exceeded six billion dollars, but these subsequently are reduced by something like two billion dollars. Whether all of the annual supply measures will be completed at the next final session of the 66th congress remains to be determined.

President-elect Harding is expected to call a special session of the new congress soon after he takes office March 4th and it may be that some of the appropriation bills may go over to the next session.

Durant Citizen Married Prosecuting Witness Saturday

George Newton of Durant and Miss Mary Warren of Francis were married in Ada Saturday by Judge Anderson. AN INVITATION
Attention, Confederate and Republican army veterans; also Spanish war veterans:
The American Legion invites all of you to participate in the Armistice Day celebration, November 11. We also want you to march in the parade in a column of squads preceding the World War veterans. We ask you to meet with us at the Harris Hotel at 9 o'clock on the morning of the 11th. If there are any unable to march there will be a place provided for you with the disabled World War veterans in automobiles. All are asked to wear full uniforms or as much of it as you have. The line of march will be from the Harris Hotel to the McSwain Theater unless otherwise designated or prolonged.

Fishing, Hunting and Golf On Harding's Vacation

By the Associated Press
ON BOARD PRESIDENT-ELECT HARDING'S SPECIAL TRAIN, Nov. 8.—Coming to Texas for a vacation after the trying requirements of his campaign, President-elect Harding declared today that he was determined to put thoughts of his coming responsibilities out of his attention and to give himself over for the next two weeks to complete rest and recreation.

In the language of his own profession he told his friends that he expected to stay off the front page and to cease temporarily to be more than a second-rater in the day-to-day columns of the American newspapers.

To Fish In Mornings.
From the time of his arrival today at Point Isabel, a small and remote village on the southern Texas coast, he was ready to plunge unreservedly into the swing of a real vacation. Hunting, fishing and golf are the particular vacation offerings of the place, but of the three he expected to omit hunting because it never has been among his favorite sports. A morning's fishing expedition and an afternoon on the golf links were to constitute his routine during virtually every day of his visit.

The fact that Point Isabel lies only six miles from the Mexican border has given rise to many whisperings of possible conferences between the new president-elect and representatives of the new regime in Mexico, but those closest to Mr. Harding were inclined to throw cold water on such of these reports as have come to their attention.

Mr. Harding himself said today that no such conferences were "in prospect" and that he had heard

them expressed only in newspaper circulation.

The same attitude was taken by the president-elect toward published suggestions that he might begin, before his inauguration, informal conversation with European governments regarding the formulation of an association of nations. Not only does he want his vacation undisturbed, but he had said in public utterances that he desired to have no negotiations with foreign agents until he actually had come into authority.

Can't Act For Four Months
The delicacy of Mr. Harding's position in that regard has been pointed out more than once by those closely associated with him. Elected to the presidency by an overwhelming majority, after promising many changes in the nation's foreign policy, he naturally is looked to by foreign governments to take the proper step to put these changes into effect; yet by a provision of American law, unique among the greater powers of the world, he remains a private citizen for four months, forbidden by diplomatic propriety to take any hand in the direction of executive affairs.

At a time when important international problems are pending, not only with the powers of the old world, but with Mexico, Japan, China and other nations, this situation has an additional interest. It is understood that several men representing themselves, either truly or falsely, as the spokesmen of foreign statesmen, attempted to gain interviews with Senator Harding at Marion before the election, but his headquarters officials said all of them were turned away.

ARE YOU IN THE RACE FOR THE BEAUTIFUL 1921 MODEL ESSEX CAR?

Nominations Should Be Made Immediately in the
Ada Daily and Weekly News Circulation
Campaign.

The Ada Daily and Weekly News' auto circulation campaign is now open for nominations and applications for membership. It will close December 23—just two days before Christmas—and now is the time to get your start if you want to start right out as a leader. Receipt books with full information regarding the campaign will be mailed to the address of any person whom you think will be interested in the campaign. And remember that the person who nominates the winner of the Essex car will receive \$25 in cash. So even if you do not care to enter this race, you can win the \$25 if you send into us the name of the person who wins the grand capital prize.

Candidates are wanted from all parts of Pontotoc county and the surrounding territory. There are eight fine prizes offered beside the twenty per cent commissions which all active club members receive who do not win a prize.

The Essex car is one of the best known and popular cars in the country. Anyone who can win such a prize in six short weeks will never cease to marvel at the ease with which it was acquired. It was purchased from F. A. Ford and is on display at his garage. The second prize—a round trip to any of the three best known points in California, with Pullman, and \$100 in cash—is certainly a prize that you would like to earn. The third prize is the \$295 Edison phonograph, and it is a beautiful as well as a perfectly toned instrument, the final product of the world's most famous scientist. It was contributed by the Ada Music company and is displayed in their window.

The fourth prize is \$100 in gold pieces which are displayed in the window of the Merchants and Planters bank.

The fifth prize is contributed by the Ada Glass Casket company and consists of an assortment of fine cut glass valued at \$50.

A solid gold wrist-watch was put into the prize list by Mr. Coon, the leading jeweler, and it is worthy of the shop from which it comes. It is a 15-jewel Swiss movement and is very beautiful in design. It will be seen on display in the window at Coon's.

Hensler & Story have put up a \$35 postal card size, autographic Kodak. It is a really efficient member of the famous Eastman family and is on display in the Hensler & Story window.

A beautiful gold embossed Waterman Ideal fountain pen was given by the Gwin Mays Drug company

to the winner of the campaign. It is said, however, that the county attorney's office has been unable to substantiate this.

On the strength of information that led them to believe Mrs. Blakely was trying to "school" another of her daughters, the only eye witness to the killing, deputy sheriffs in the county court Monday obtained an order committing the children to a state orphanage.

Blakely, sought by deputy sheriffs armed with a warrant for his arrest charging him with a statutory crime against his 16-year old stepdaughter, fled from the country.

His return a week before the tragedy was not known by the officers. On the day of the killing Mrs. Blakely came to Muskogee to try to sell their farm that they might leave the country.

It was while she was in town that Blakely shot and killed his stepdaughter, after she had stolen from the house and met a strange man at the spring a few hundred yards away.

Blakely was arrested several hours later by one of the posses of his neighbors that gave pursuit.

Nine bullet wounds, inflicted by an army .45 Colt's revolver, were found on the girl's body.

May Amend League Pact To Meet American View

By the Associated Press
PARIS, Nov. 8.—The view was expressed in official circles today that the French government would be ready to co-operate with the authorities at Washington in formulating something different from the covenant of the league of nations, as drawn at Versailles, in order to take its place.

This statement was made in official quarters in referring to the declaration of President-elect Harding as cabled from Marion, Ohio, to the French press, to the effect that the Versailles covenant was now "deceased." This is interpreted by officials as applying to the covenant as drawn at Versailles and as indicating that something different must take its place. To that end it was stated by officials that the French government would be ready to give its co-operation. It has been the generally accepted

view here that the French government would accept reservation by the United States regarding article 10 and the other provisions of the covenant, which has been the subject of controversy in the United States. In this connection it was pointed out in official circles today that the original French idea of a league of nations did not contain anything like Article 10.

Whether the amended organization would be called a league or a society or an association, is immaterial to France, according to the government viewpoint. The essential thing, it is held, is to arrive as near as possible to the prevention of war.

The French government considers that it would be regrettable to sacrifice the organization already set up and that the preferable procedure is to amend the existing league and the name of an association, if that meets the American view.

MUST FACE TRIAL FOR MURDER OF STEPDAUGHTER

Muskogee Man Had Wrongful
Relations With
Dead Girl.

MUSKOGEE, Nov. 8.—Robert W. Blakely, Brushy Mountain farmer, vainly sought life imprisonment here Friday rather than take a chance with fate and a jury on going to the electric chair because of his illicit love for his own stepdaughter, Effie May Allford, which led to her death at his hands.

At the same time, it was intimated that Mrs. Elizabeth Blakely, his wife and the mother of the girl whom he does not deny killing, who has been held in jail for the last two weeks on a charge of being an accomplice in the alleged murder, will be released because of inability of the county attorney's office to connect her with the murder.

When the county attorney, saying that his knowledge of the evidence in the case indicated was a cold-blooded murder which should be punished by death in the electric chair, refused to consent to a modification of the charge, the court refused to permit Blakely to plead to anything but murder. His plea was not guilty.

Taken into the district court to enter his plea to the murder charge on which he is to be tried Wednesday, Blakely, by his attorney, asked the court for an opportunity to plead guilty to a charge of manslaughter in the first degree, the maximum punishment for which is life imprisonment.

The punishment for conviction on a charge of murdering is either death in the electric chair or life imprisonment. Life imprisonment is the maximum penalty for conviction of first degree manslaughter.

Mrs. Blakely, arrested by Deputy Sheriff W. O. Manley, as an accomplice was alleged to have made the remark that she was sorry she had not killed her daughter before she left home on the day of the killing "so Bob wouldn't have to do it."

Children Are Committed.
It is said, however, that the county attorney's office has been unable to substantiate this.

On the strength of information that led them to believe Mrs. Blakely was trying to "school" another of her daughters, the only eye witness to the killing, deputy sheriffs in the county court Monday obtained an order committing the children to a state orphanage.

Blakely, sought by deputy sheriffs armed with a warrant for his arrest charging him with a statutory crime against his 16-year old stepdaughter, fled from the country.

New Street Sweeping Machine May Be Bought by Council

Every time Ada's antiquated street sweeper passes down a street scattering dust and pushing into the gutters much of the litter and trash which it is supposed to pick up, the observing citizen can see a multitude of reasons why a new, up-to-date machine should be provided.

The machine now in use once did good work, but like any other worn-out machine its day of usefulness has passed, and no one is better aware of the fact than the members of the city council who are now investigating several different kinds of sweepers with the object in view of selecting one best suited to the city's needs and purse.

A representative of a company which has furnished sweepers for most of the cities of the state has been here for several days and it is reported that members of the council are very favorably impressed with a certain machine put out by that company and Mayor Kitchens has accepted an invitation to visit a city where one of the machines is being used and see it at work.

FIND DEAD BODY NEAR RAILROAD TRACK

By the Associated Press
MUSKOGEE, Nov. 8.—The body of a white man believed to be Tom Maloy, about 60-years-old, was found along the Southern Pacific railroad tract near Fort Gibson last night. There were no marks of violence on the body or around the place where the corpse was found, and the coroner's jury declared death was due to unknown causes.

Approximately \$500 in cash was found in the man's possession. Receipts showing Maloy had deposited \$400 in Liberty bonds in the First National Bank at Fort Smith, Ark., and a pass book showing he had deposited \$600 in cash between April and November of 1919, were also found on the man.

Walks Into Side of Passing Auto; Is Severely Gashed

Dan Newton, clerk at Levin's furniture store, was seriously injured shortly after noon today when he walked into the side of a passing Ford sedan as he went to cross the street. Newton's head crashed into the glass on the side of the car, inflicting several ugly gashes. He was rushed to the Faust hospital, where the wounds were dressed.

The car was being driven by J. L. Sanders.
"I tried to avoid the collision when I saw that he was not looking and that he would walk into my machine," Mr. Sanders told a representative of the News. "I swerved over to the side in order to keep from running over him, but he walked into the side, his face striking the glass."

The accident occurred in front of the Dodge Brothers sales room. Mr. Sanders was driving along behind another car. It appears that Mr. Newton only noticed the first car as he went to cross the street.

The second car was upon him before he knew it. He was knocked to the pavement. Sanders at once brought his car to a stop and gave assistance.

STOLE LOVE OF SOLDIER'S WIFE NOW PAYS OFF

Showered Costly Gifts on
Her While Hubby Is
Fighting Huns.

MUSKOGEE, Nov. 8.—The sensational \$150,000 alienation of affections suit of James J. (Boss) Claxton against Eastman Richards, trial of which was to have started today in the district court, has been settled.

It was understood yesterday that Richards will pay the returned soldier between \$10,000 and \$15,000, ten per cent or less of the amount for which he sued.

More than 150 witnesses had been subpoenaed by the two sides to the litigation to be on hand when court opens.

One witness was ordered to bring her baby with her as an exhibit in the case.

Claimed Wife Stolen.

This was to have been the second trial of the case. The first trial resulted in a judgment for \$2,000 for Claxton. Richards' attorneys sought to pay off then but Claxton asked for and obtained an order for a new trial.

Richards' appeal from this order was later thrown out of the supreme court and the case set for trial again. Because S. M. Rutherford, one of Richards' attorneys, was a candidate for office, the case was continued at his request from its October setting too November 8.

Claxton in his petition and by the evidence he introduced in the first trial, charged that Richards' stole his wife's affections while he himself was fighting on the battlefields of France by giving her expensive automobiles and placing in her hands the keys to his stores in Richardsville, the McIntosh county town owned by him.

The returned soldier, by his evidence in the first trial sought to prove that Richards' town and home is a refuge for men and women to gather for "wild parties."

Witnesses Missing.

Fighting the motion to continue the case until November, Claxton's attorneys said witnesses were spirited away and hidden in Richardsville, where they could not be found by deputy sheriffs trying to serve subpoenas during the last trial and that they feared the same thing would be done again.

Later the sheriff's office reported it was unable to find Elva Criswell, considered one of the most material

AMERICAN LEGION VETERANS TO LEAD ARMISTICE PARADE

Boys in Blue and Gray To
March Side by
Side.

A great parade led by members of Norman Howard Post of Ada, American Legion, will open the Armistice Day celebration in Ada Thursday. The parade will form at the Harris hotel at 9 o'clock in the morning. Veterans of the Spanish-American war and both sides of the Civil War have been invited to take part, and these will march behind the boys who made it hot for the kaiser's hordes.

Automobiles will be provided for those of the boys who have been disabled and for the old veterans who are unable to march.

The grand marshal of the parade has not been selected, neither has the line sercant. These will be decided upon by Thursday.

On Thursday two years will have passed since the firing of the last shot on the fields of Flanders, spelling the end of the most gigantic war in the history of the world. Memories of the boys who participated in the massive drive of Democracy against Autocracy, and the civilians who so patriotically assisted in the great cause of humanity, are vivid with indelible emotions which will never be erased from the human mind. It is fitting and proper that the people of America pause during this intensive era of reconstruction and pay tribute to those who made the supreme sacrifice, to those who have returned from the fields of battle and to those who aided in the great cause at home.

Plan Great Celebration.

Norman Howard post of Ada is right on its toes by not only carrying out the national Armistice Day celebration, but by planning other things on the program to keep the men going all day and part of the night.

Miss Kellar of the East Central State normal will have charge of the Armistice ceremonies. The (Continued on Page Four)

witnesses against Richards. Claxton's attorneys at once said she had been induced to leave the country.

Attorneys for both sides declined to discuss the settlement but it was generally understood that Richards has agreed to pay between \$10,000 and \$15,000 and the costs in the case.

WRIST WATCHES

MAKE
MOST PLEASING
GIFTS

That's the reason the Ada News persuaded Mr. A. D. Coon, Ada's big jewelry dealer, to enter a beautiful white gold, fifteen jewel Swiss wrist watch in the Ada Daily and Weekly News Greater Circulation Campaign.

The News has one motto that it tries to adhere to, though the heavens fall, and that is, "It never does things by halves." The News doesn't mean to give away a single "snide" premium in this campaign.

Every premium it is offering is the very best that money can buy. The larger premiums, of course, had to be purchased, but on these the News was given substantial reductions. Some of the smaller premiums were donated outright because the donors want Ada and Pontotoc county to have the biggest and best daily and weekly paper in the state of Oklahoma—and that's what they are going to have by the first of the new year, 1921.

Then, too, there is the advertising value that attaches to the gifts. The business men who are helping to make this campaign a success are going to get more advertising during this campaign than they ever had before, either free or paid for. That's the selfish motive on their part and the only selfish motive that enters into it, but it is a legitimate motive.

Mr. Coon handles nothing but the very best jewelry to be had and he doesn't rob the people on prices. Thus, in giving to the campaign the sixth prize in the contest, the beautiful wrist watch, he not only aids us in making the campaign a great success, but he advertises his own business in a way that couldn't possibly be done for money. The young lady or woman winning this handsome prize will have an article that is the best the market affords and one that will be an everlasting reminder of the business integrity of the man who gives it.

GO TO THEATRE

At the American.
The famous or infamous (according to your training, tastes and desires,) Pagan Ball given annually by the residents of Greenwich Village at Webster Hall in New York has been reproduced in Tom Moore's latest Goldwyn picture, "Toby's Bow." All the color of the ball, in costume and setting, has been caught in the picture. Dancing by exotically grown girls, solo dances in the futurist manner and informal groups of maskers idling and sauntering about the secluded bowers attached to the Bohemian dance hall, have all been produced in "Toby's Bow." The glitter and artificiality of these scenes are sharply contrasted with the simplicity of life on a Southern plantation.

The photoplay was adapted from the play by John Tainter Foote which ran for five months in the Comedy Theatre in New York and then had a successful showing on the road. Today at the American.

At the Liberty
George Fitzmaurice, who has rapidly become one of the most successful motion picture directors in the business, passes another milestone on the road to fame with his first production to be released under his own name, "On With the Dance," featuring Mae Murray and David Powell. The picture, which is declared to be in every respect out of the ordinary, will be shown at the Liberty theater for two days commencing Wednesday.

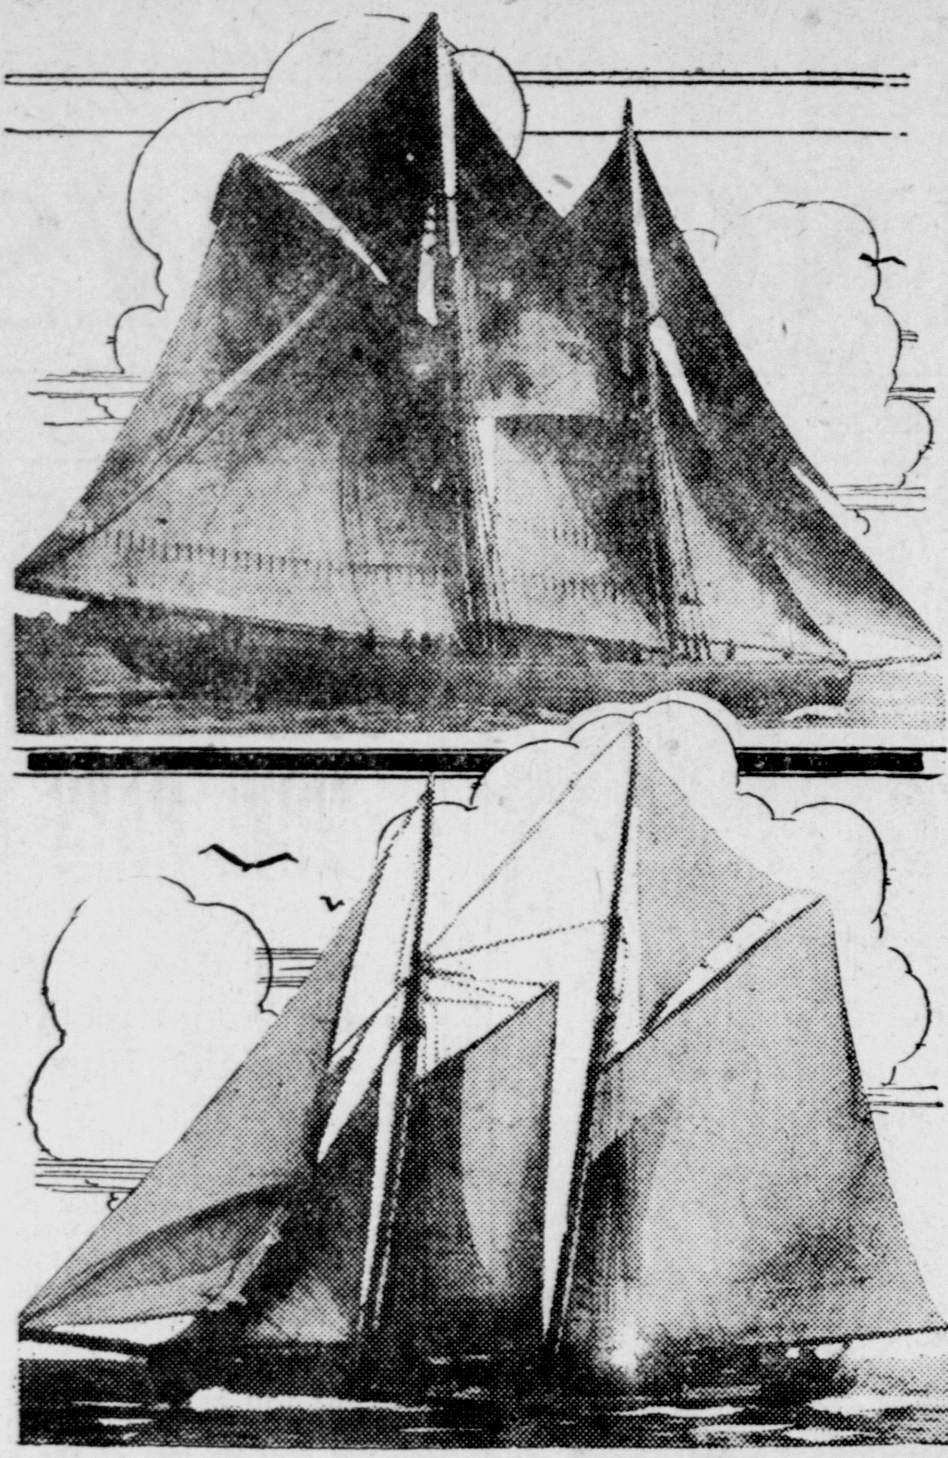

Mr. Fitzmaurice started his cinema career as a scenarist with Pathé. It was there that he met Ouida Bergere, who afterward became his wife and they collaborated on several stories, among them "Via Wireless." His first experience as a director was with a picture called "New York," which was hailed as one of the most sympathetic and accurate portrayals of various phases of metropolitan life that has ever been screened. The film started Mr. Fitzmaurice well on the way to prominence and his successes with pictures starring Florence Reed, Fannie Ward, and Elsie Ferguson firmly established his reputation.

"On with the dance" was worked into a photoplay by Ouida Bergere. It is a story of a Russian immigrant girl, played by Miss Murray. She is selfish, beautiful and pleasure-loving. Temporarily yielding to temptation that leads her into New York "night life" with a vengeance the heroine later redeems herself and works out a happy destiny. David Powell has the leading male role. It is released under the Paramount Artcraft banner.

McSwain Theater.
Clyde, better known as "Rube," Mr. Clyde Hooper of Seeman's 1820 Revue company, now playing at the McSwain theater, is without a doubt one of the best and most original comedians that has been seen here in many a day, still in his twenties, this funny and original chap has made millions laugh thru his droll style of work. During the world war heaaaaaaahhaaaaaa the world war he was with his own company in France after the armistice was signed touring France and Germany with what was considered the best show that was overseas. Mr. Hooper has arranged this same show which is now being presented by him with the members of the excellent cast connected with Mr. Seeman's 1820 Revue company now at the McSwain theater and billed as their feature show. As an organizer of quartets, Mr. Hooper enjoys the reputation of the peer of them and is looked upon as a genius in arranging harmony which so many enjoy when they hear his excellent quartet each night in conjunction with the performance presented by the 1820 Revue. To know Mr. Hooper personally is the best way to appreciate just how funny and droll he is on and off the stage. Friends of Mr. Hooper who are well acquainted with his work and capabilities as a fun maker usually laugh when buying their ticket before entering the theater, this is what Hooper tells on himself. If you haven't seen this funny little "old man" do so and enjoy one of the best comedians now touring this country with a popular price attraction. The picture program is far superior to anything else offered in the amusement line, being a super-feature in every way, either the picture program or the stage offering alone is worth the prices of 25 and 50 cents. But for this amount you can see both.

BEST FISHING SCHOONERS OF U. S. AND CANADA TO RACE FOR THE CHAMPIONSHIP

"Esperanto," above, under full sail (eight sails), and "Delawana."

These two fleet fishing schooners are ready for their race October 30 off the harbor of Halifax for the title of fastest schooner of the Atlantic fishing fleets. The "Esperanto," from Gloucester, Mass., is the U. S. entry. She carries eight sails in full rig. The "Delawana" is the Canadian entry. The race is expected to be the biggest ocean schooner race in years.

SCHOOL WEEK TO BE OBSERVED THROUGHOUT U. S.

WASHINGTON.—"School week" will be observed over the country December 5 to 11. Commissioner of Education Claxton has requested the governors and chief school officers of the states to take such action as may be necessary to cause the people to use this week in such way as it will most effectively disseminate information in regard to the conditions and needs of the schools.

Chambers of commerce, boards of trade, women's clubs, rotary clubs, labor unions, farmers organizations and patriotic and civic societies are requested to devote one meeting to a discussion of the needs of education in their states. The ministers also are asked to devote one of their church services on Sunday, December 5 for emphasizing the importance of education.

Friday afternoon and evening of school week has been designated as the date on which community meetings in the interests of education should be held in all school houses, both in the city and country, for the purpose of discussing the needs of the schools, the means of meetings these needs and remedying conditions.

PRETTY DRESS COST GIRL ONLY TWELVE CENTS

MURRY, Ky.—A dress that cost twelve cents won the thrift prize at the Calloway school fair here recently and probably set a record for this and a number of other states.

Miss Eunice McLane, young and pretty, looked very attractive in her gown costing a dime and two cents.

This is how she did it. In her search for available material she found a piece of oilcloth that had been used on the kitchen table for seven years. She boiled it, making it a thin soft material, bought five cents worth of dye, and colored it pink.

Then wishing to embroider it, she had to pay seven cents for an embroidery pattern.

She used ravelings of the material to sew the dress up and the ravelings of a silk stocking to embroider it with.

Second prize at the school fair was won by Lillie Grogran with a dress of all new materials costing 56 cents.

THANKFUL FOR HER HEALTH

Before Taking Lydia E. Pinkham's Vegetable Compound Mrs. Penkey was Miserably Ill.

Ottawa, Ohio.—"After the birth of my baby I was troubled with serious female trouble. At times I was so weak and nervous I could not stand it to hear my baby cry. I tried doctor's medicine with no results. At last a friend advised me to try Lydia E. Pinkham's Vegetable Compound which I did and am completely cured. I am thankful for your wonderful medicine and you can use my testimony if you wish." —Mrs. John Penkey, 212 E. 6, Ottawa, Ohio.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and today holds the record of being the most successful remedy we know for woman's ills. If you need such a medicine why don't you try it? If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Use the Highest Quality Milk in the Market—Powdered Milk

Klim users know that they get the best—the purest—the most delicious milk in the market.

Klim users face no fears of milk shortage—no delayed deliveries—no undependable quality—they have no worries about souring. Klim needs no ice, because it does not sour; it does not freeze in winter. In any locality, in any season—it is always the same excellent milk awaiting use.

Milk is 3/4 water and 1/4 solids. The solids give milk its character—its flavor—its food value. Remove the water and all the valuable part is left. Replace the water and it becomes liquid milk instantly—just as rich, as fresh, as delicious as the richest, creamiest country milk you ever drank.

Eminent physicians and leading food authorities endorse Klim. Hospitals and schools use Klim. It is excellent for baby feedings; many babies' lives have been saved by Klim.

Make your pantry your dairy. Get a supply of Klim to fill your family needs: Klim Powdered Whole Milk (full cream), for drinking, for coffee, for cereals and desserts; Klim Powdered Skimmed Milk for all cooking purposes.

A long list of the advantages of Klim may be mentioned—but you can see for yourself how valuable it is once you start to use it. Go to the nearest dealer and get a supply to meet your needs.

The Harvest Days

Now come the harvest days, the time when nature yields up the fullness of the season. Harvest days as well for many who are not husbandmen and who do not get their living directly from the soil, but who reap the benefits of the persistent use of the Want Columns.

To reap a harvest of return from the Wants, use them in supplying the needs of the household and of business, in buying, selling, renting, hiring, exchanging and in many other ways.

Many find it profitable to keep in touch with the NEWS WANT ADS.

Read them if you want something. Use them if you want to dispose of something. They are "cash on the barrel head," but they pay big returns. If you can't bring the copy conveniently we will send for it.

STATE FARMERS ARE FOR LAW CHANGES

MUSKOGEE.—Union labor in Oklahoma is getting control of legislation through the initiative and referendum law of the state.

The means to be taken, according to John Wilkinson, president of District No. 21 United Mine Workers, will be the formation of the state, of a "referendum league" which will enter actively into the political field.

The movement will be inaugurated at a series of conferences of farmer and labor leaders beginning tomorrow night at Oklahoma City. President Wilkinson left last night to attend the conference.

"We have learned by experience," said Mr. Wilkinson, "that it means nothing to win victories by strikes in the industrial field and then have them legislated away from us.

League To Be Non-Partisan.
"On the statute books of the state we have the laws which give us the power to initiate legislation we want and nullify legislation we don't like. These laws have never been invoked, but we now expect, through a solidified movement of the elements whose interests are in common, to make the referendum league a vital and living force in the industrial situation in Oklahoma and to bring the initiative and referendum in this state into full force and effect."

Membership in the referendum league, Mr. Wilkinson declared, will be non-partisan and absolutely without regard to political creed or party affiliation.
"The farmers and the laboring men have much in common," he said. "And when organized they will constitute a body that can control the situation."

To Enter Next Election.
"All we hope for cannot be accomplished over night. It took many years for the labor party to become a power in English politics—the start was made in 1835—but we expect to have the league on a working basis within the next few months and to enter the next general election, two years from now, with sufficient strength to make us a controlling factor."

"Practically all union men are in favor of such a league and the farmers of the state are becoming organized."

"The combined strength of the laborers and farmers cannot be overestimated."

Small Oil Men Suffer.
Oklahoman: Waste in the oil industry, as it is conducted in many of the Midcontinent fields, is enormous, according to Frederick A. Delano, federal receiver of the Red River disputed territory.

"The day of the little fellow is passing," Mr. Delano points out, "because the great overhead expense of the small independent operator is too large to allow a fair profit for the money invested."

As an illustration Mr. Delano cites many of the small operators in the bed of the river who were operating at a loss through independent pumping methods. Many of these were running crews with boilers merely to pump wells, while others were swabbing the wells instead of pumping. Large field and office forces were necessary in most cases.

"Co-operation or merging of these companies is the only remedy," he says.

Stefansson found the blond Eskimos disliked all forms of civilized diet.

FIRE-PROOFING WORKING CLOTHES FOR THE WORKINGMAN

Fire-proof clothes for working men and of a type that can be generally used everywhere promise to appear on the market soon. At the request of one of the largest manufacturers of work clothes in the country Fred A. Howard, the noted chemist of South Easton, Mass., has produced a formula for fire-proofing textiles which will not rot, fabric, change the color of the goods, nor has it any odor. Mr. Howard has brought his new discovery to the point where cloth which has been immersed in the solution absolutely resists ignition. A year's test has proved that the solution unlike most of those now used will not rot the fabric. Mr. Howard has developed a process whereby milk is treated, the but-

ter fat casine and other constituents being taken out while all other food values that can be assimilated by typhoid fever and other patients of low vitality or poor digestive ability are left in. The formula was developed for patients of the late Dr. Heber Smith, Professor of Materia Medica of Boston University, and Mr. Howard proposes to donate it to the medical profession. He has achieved marvels in developing formulae for manufacturers of boots, shoes, leather belting and gloves. His latest invention, korite, has been proved to double the life of leather under actual wearing tests. The chemical is said to permanently affect the fibers of the leather, and to render the leather impervious to water although admitting air.

SEMINOLE TRIBE PULLS UP STAKES

PALM BEACH, Fla.—Led by their chief, Tony Tommy, the remaining largest single group of Seminole Indians, soon will move from their old haunts in this part of the state to a new reservation on the Florida west coast, about

forty miles from Fort Myers.

The new home of the Seminoles will consist of a reservation of approximately 21,000 acres, completely fenced in and including a portion of the Everglades. Although part of the reservation is under water, the arable portion is sufficient to support the Indians with land to spare.

The Seminoles in their new home will be provided with schools and they have agreed to submit to compulsory education laws.

"The wicked are overthrown, and are not; but the house of the righteous shall stand."

GASOLINE AND THE GOSPEL

If you had to find a country church nowadays, would you know where to look for one? Do you have in mind an old fashioned country church similar to the old one back in the old state, where you learned the catechism and heard for the first time the story of Moses in the bulrushes? How long has it been since you saw a rural church anywhere in this corner of the great Southwest?

It is a disquieting truth but a patient one that the old country church has about disappeared from the modern scheme of things. The ambitious young theologian is now assistant to some recognized city pastor. A small per cent of the rural folk motor to town every Sunday to hear the gospel preached. A larger per cent have become permanent residents of incorporated towns, where they can attend church regularly if they wish. The country church has died and a large part of our population find themselves without any facilities to worship on the Sabbath day.

It is really a serious situation. The country church was the backbone of our civilization for several hundred years. It supplied the ministry with new blood and brains and kept moral standards up to an enviable and satisfactory mark. It trained the people in the essentials of good citizenship and made and kept this a Godfearing nation. The disappearance of the rural church is a calamity to the country that must not be underestimated in its grave potentialities.

It is not possible to name the one cause that has banished the rural church from our country for the very simple reason that there is no one reason. Many things have combined to drive the church out of the rural districts. Not the least of these reasons is the execrable state of our country roads. This was not so important when people traveled horseback or drove lieurely to church in the old farm wagon that could negotiate almost any kind of road. But those conditions have disappeared with the church itself.

The advent of the automobile in the rural districts has wrought marvels, and not all of those marvels are for the good of the country. The introduction of the auto made travel by any other conveyance unpopular. It also enabled many of our rural citizens to drive a dozen miles on Sabbath morning and attend church in the city. Thus the number of church attendants was reduced and the church began to decay.

A permanent system of hard surfaced roads would go far to re-establish the country church. In those sections of the country where permanent roads have been constructed there has been a marked improvement in church conditions. Better churches have been erected and the attendance on worship has increased very materially. Wherever twelve month roads have been brought into being a genuine back to the farm movement has been inaugurated and the rural church has been revived.

No one challenges the right of a citizen to vote his conscience and his convictions, and for that reason no one should criticize any democrat who honestly believing a change was necessary voted the republican ticket Tuesday. But this general statement does not include that small coterie of infinitely small politicians who for a cash consideration voted the republican ticket. The men who sold themselves and their party for cash will live long in the contempt of respectable people. Even the fixers who paid the price will hold these meal ticket patriots in everlasting contempt. The world loves a fair fighter and a good loser. It respects the man who votes an independent and conscientious ballot. But the man who sells himself to the highest bidder receives the condemnation of every honest citizen. The greatest favor these Judases can show the public is to follow Judas's example and go out and hang themselves.

Writing as a holdover senator and not as a partisan editor we may reveal this valuable and interesting information that in the approaching session of the Oklahoma legislature we shall support every meritorious proposition advanced by the republican contingent. If they have any valuable ideas in their repertoire, let them bring those ideas out for an airing and we shall help with one affirmative vote. But the powers that be can count us out right now when it comes to converting the legislative session into a clearing house for political horse play.

When we moved out of Seminole county two years ago every county official except one was a democrat. In the election last Tuesday the democrats of that county lost everything but one commissioner and one constable. But we can't live in every county where democratic votes are needed. The demand covers entirely too much territory.

The republican governor of Vermont pardoned a republican ex-governor of that state the same day the ex was sentenced to the penitentiary for embezzlement. If it had happened in Oklahoma—you say it.

VINDICATED!

WHAT OTHERS SAY

Vinita Journal: Anyway, the women voting can make a huge majority in case of landslides.

Marlow Review: Thomas A. Edison may be able to talk with the dead, but he has not yet got any interviews out of defeated candidates.

Tishomingo Capital - Democrat: The boll weevils and the republicans have darned near ruined this country—but look what they did to poor old Coal county.

Vinita Journal: President-elect and Mrs. Harding will go to Texas for a vacation. The senator doesn't seem satisfied with Texas out of the fold and goes down there to win the Lone Star's friendship if not its votes.

Pittsburg County Guardian: What the dickens do we care about the vote in Ohio or Chicago, anyway? The Fourth Ward is still democratic. That's where we live, move and help keep the country headed for the New Jerusalem.

Pittsburg County Guardian: The sad part of it that if some one should ask Mr. Harding how it feels to be president-elect of the United States, he couldn't answer until he had a conference with Penrose and Smoot. Ain't it a shame?

There are 12,000,000 negroes in the United States.

Miami News: The silent vote doesn't refer to the man who stays at home and minds the kids while his wife is out campaigning.

Hominy News: The News declines the invitation to lambast the mystery act lately put on at a local theater. The News has no intention of blaming the theater managers the show folks or itself for the amazing credulity of the Hominy people. If they choose to lose their balance, lose their religion, maybe lose their homes, and get part of the male population killed or in jail for killing, we know of no help for it. The people who put on these acts know perfectly well they are playing a dangerous game, but there is money in it, and the folks like it. It is only a question of a few weeks until we shall read that some husband has undertaken to get even by staging a first class act for the coroner and the newspapers.

SEES GROWTH OF NONPARTISAN LEAGUE

By the Associated Press

MINNESOTA, Nov. 8.—Results as to the election are construed as "a remarkable gain" for the national non-partisan league in a statement to the Associated Press today by Oliver S. Morris, director of league publicity and editor of its national publication.

"League candidates polled more than three million votes in nine states," Morris said. "This is more than three times the vote of two years ago. Although the league candidates for state offices in Minnesota were defeated by large majorities, men endorsed by the league in Wisconsin and North Dakota were elected governors and in North Dakota the first non-partisan United States senator was made."

Little Foxes

Among my tender vines I spy
A little fox named "By and By."
Then set upon him quick, I say,
The swift young hunter, "right
away."

Around each tender vine I plant
I find the little fox, "I can't!"
These, fast as ever hunter ran,
Chase him with bold and brave
"I can!"

"No use trying!" Sags and whines
This fox among my tender vines;
Then drive him low and drive him
high,
With this good hunter named "I'll
try."

Among the vines in my small lot
Creeps in the young fox, "I forgot!"
Then hunt him out and to his den
With "I will not forget again."

A little fox is hidden there
Among my vines, named, "I don't
care."

Then let "I'm sorry—hunter true,
Chase him afar from vines and you.

PRETTY ACTRESS STARTS FASHION FAD

Miss Ada Mae Weeks.

Why be an actress if you can't start a fad once in a while, is the opinion of Ada Mae Weeks, the pretty actress now pleasing Broadway audiences in "Jim Jam Jems." Miss Weeks starts a new fad weekly, it seems. Her latest is a beautiful mole scarf lined with brocade. The brocade is brilliantly colored and has a poppy design with huge flowers. Already "everybody" is getting out their old scarfs and lining them with flowered brocade as is Ada Mae.

Ford Rescued from Quicksand in South Canadian Near Byng

To be buried in the treacherous quicksands of the South Canadian and on the fourth day rise again was the fate of a Ford coupe owned by D. H. Holder traveling salesman. This new Ford record was started November 3, when Mr. Holder undertook to cross the South Canadian near Byng. One hundred eighty feet of the low water bridge at that place was washed away a month ago but the water is not very deep and several cars and cotton wagons cross each day, finding the shallow water to the end of the bridge.

Not being familiar with the circuitous route which led to the bridge Holder engaged a man to hitch his team to the front end of the car to pilot him and be ready to give him a pull in case anything should happen.

As is usually the case when a man looks for trouble, trouble came, for just about the middle of the channel one of the rear wheels of the car dropped into a hole and commenced to spin helplessly.

The team was called upon to render first aid but one of them, being of that long eared Missouri species which never fail to fall in a pinch, balked, and all the beating, cursing and praying of the joint assemblage could not have the least effect upon the stubborn mule.

Darkness was approaching and the Ford was getting in the quicksand, but apparently nothing could be done to relieve the situation and Mr. Holder anchored the car to a tree with a rope and came to Ada.

During the night the river rose about a foot and nothing could be done toward removing the car until the morning of the 6th, and by that time it was almost out of sight in the sand. Men were put to work moving a drift which had lodged against the bridge and the logs from this drift were so arranged that the channel of the stream was diverted from the car and the work of digging the sand away from around it commenced. After this had been done poles were placed under each wheel of the car and used as levers to pry it out.

Progress was very slow and not until the afternoon of the 7th was it possible to pull the car to solid ground.

White Men Shoot Dice With Negroes All Are Fined

"Sweet mama needs a pair of new shoes—come seben!"

A pair of small bones rolled out on the table, spinned for a moment then did the "shimmy" and stopped. The big coon who had "shot" the dice heaved a sigh of relief.

"Fade dat money, boys" he ordered, his eyes feasting on the seven which had come in response to his plea to the Goddess of Chance.

The "boys"—two other blacks and five white men—reached into their pockets to "fade" the bet. His! What was that? A heavy footstep sounded outside the door. Lawdy mussy—the law! The blacks turned ashy white, and the whites sickly pale. It was quite a mixture of colors, with variations of hues and tints. Who would have thought that the law would be visiting a dive in darktown at 2:30 in the morning?

The eight men were arraigned before Mayor Gary Kitchens this morning charged with violating the anti-gambling laws, "playing with dice and betting." Each man was fined \$8.75.

The white men were W. A. Weaver, Steve Holland, W. S. Bacon, Lee Watson, Paul Combs and Will Blythe. They were all caught red handed in a place operated by Ed Price, known to the denizens of his particular sphere as "Goldie."

"We try to prevent white men from going to the colored settlement and causing disturbances there," the mayor said this morning "but it seems that some of the fellows can't be kept away from there. Most of our colored citizens are peaceful and law abiding and want to keep their places, but they can't do it

when white men go there and cause them to violate the law."

Attention, Elks.

Tonight is the regular meeting night and all are requested to be present as most everyone will participate in the initiations November 22 and 23, so it will be necessary that you learn tonight what you are expected to do.—Sam Schienberg, Exalted Ruler. 11-8-1td

DAILY AND WEEKLY NEWS ANNOUNCES BIG CHRISTMAS PRIZE DISTRIBUTION

Circulation Building Campaign Open To All—
Will Be Biggest Event In History of Pontotoc County—Costs Nothing To Try.

Essex Touring Car Is Grand Prize

Essex Touring Car, Valued at \$1785.00 to be Given
Away. Every Active Contestant Assured of
an Award or Cash Commission.

The News Publications.
Pontotoc county, of which Ada is the county seat, is given up to be one of the richest and most versatile farming and stock growing sections in the whole state of Oklahoma.

Coupled with this is oil and natural gas, industries with large payrolls and practically every other resource and enterprise to be expected in a wealthy and rapidly growing city and county.

In such locality it is quite natural that the people demand a wide-awake, progressive and up-to-the-minute daily and weekly newspaper—the daily for the city dweller and the weekly for the people living in the rural districts.

The management of the Ada Evening and Weekly News has, since assuming ownership and management of the institution a little over a year and a half ago, striven to supply this demand and give the people the very best daily and weekly newspaper that the traffic would bear, putting back into the business in the form of equipment and experienced labor every cent of profit that accrued.

Yet we are not satisfied. It is our aim and ambition to make the daily a still better paper, and at least double its circulation in the city. It is also a dream of the management to make the weekly a big sixteen-page farm and home paper—one that will obviate the necessity of the rural dweller in Pontotoc county taking any other paper. He can even discard his long range farm papers, for that is what one section of the big Weekly News will be from this date henceforth—a real farm and ranch paper.

Our dream for both papers is soon to be realized as the reader will ascertain on reading fully and carefully the contents of this page. Here are our plans. May we have your co-operation?

We Want 5,000 Subscribers by Christmas.

With this end in view we have planned, and today announce, the most liberal prize offering ever made in this section of the state—a campaign in which a brand new Essex Touring Car, valued at \$1785 list will be given away.

OUR SLOGAN—EVERYONE WIN!

One of the features of this big prize distribution is the fact that there will be no losers in this race, as a cash commission of twenty per cent (\$1 out of every \$5

collected) will be paid all active non-prize winners, which, in itself, is an excellent business proposition. This is not a "something for nothing scheme," in fact it is no scheme at all. Neither is it a charitable undertaking on the part of the News. It is a business proposition, pure and simple. Its object is to advertise jointly these newspapers and the splendid qualities of the Essex Touring Car; to secure new and renewal subscriptions to the Evening and Weekly News, and last, but not least, to win for these publications a welcome in every home in Pontotoc county and surrounding territory.

Want 5,000 New Subscribers.
Will it pay? This is a question that will naturally occur to all who read this announcement. Yes, it will pay. Not in dollars and cents, perhaps, for the expense of the undertaking is very heavy, but there are other dividends that newspapers earn other than that expressed in terms of money.

During this campaign thousands of new subscribers will be added to our list, which will mean an immediate enhancement to the potency of these publications as advertising mediums; a large number of Pontotoc county's best hustlers will be happier and richer in pocket-book as a result thereof, and there will be a great amount of satisfaction in all that, besides the general good engendered and prestige gained for the Evening and Weekly News will be almost inestimable.

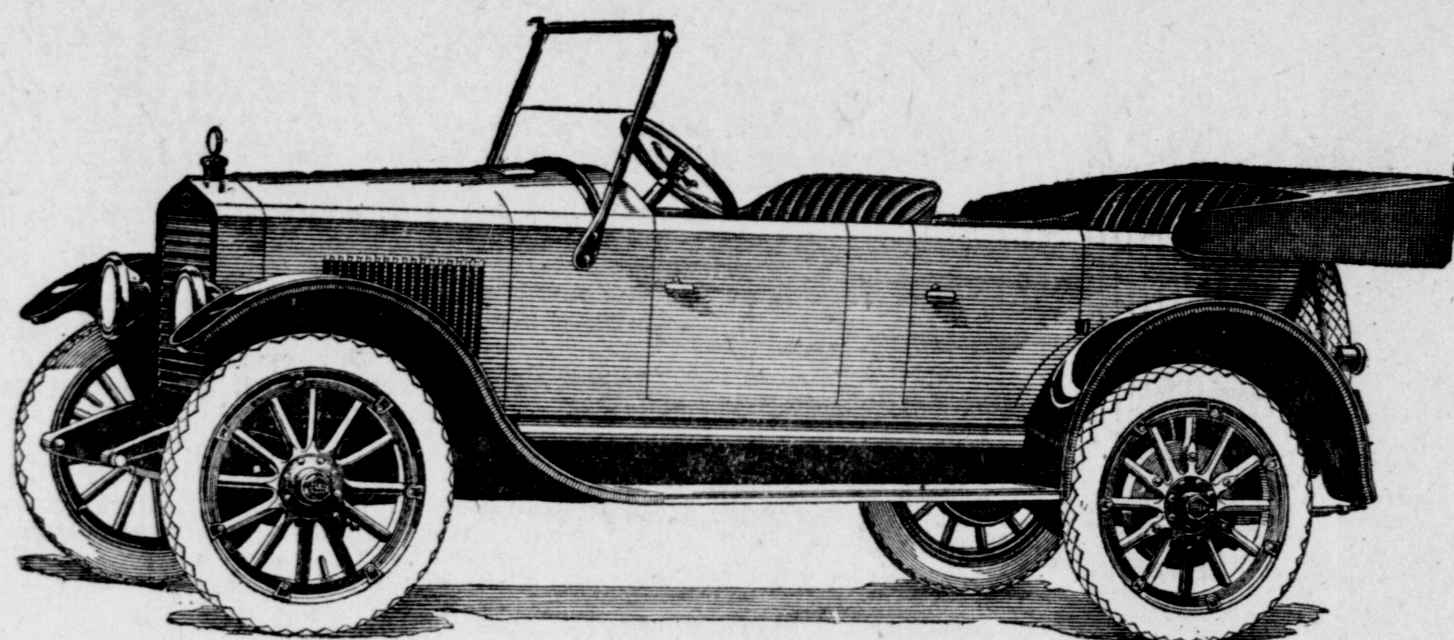

Short and Snappy Affair.

The campaign will not be a long, drawn-out affair, extending over a period of several months, but is of seven and a half short weeks' duration. Think of being able to secure in seven weeks time prizes that would ordinarily require months, even years, of saving and self-denial to acquire, yet that is exactly what the News publications is offering you here for a few weeks of your spare time and interest in helping us to extend our subscription list.

Information and Assistance

In order to give everyone who enters this contest the greatest possible assistance, the publisher has secured the services of Mr. and Mrs. W. J. Kirkpatrick and Mrs. Irene Johnson, who are thoroughly experienced in this line of work, and who will give their entire time and attention to those who desire to participate.

Come in and see them personally, and secure first-hand information as to how to go about winning one of the valuable prizes offered. Or, if you can't call, clip the nomination coupon appearing at the bottom of this page and mail it in to the "campaign department of the Daily and Weekly News, Ada, Oklahoma."

Grand Capital Prize

TO THE PUBLIC:

The Essex is too well known in Pontotoc county to call for lengthy description. Many satisfied owners in this locality attest to its worth. Remember this—you can get out of a motor car only the serviceability the manufacturer builds into it. On this basis the Essex assures you day-in-and-day-out service.

Call at the salesroom and have Mr. Ford show you the latest model and explain Essex superiority.

On the Nomination Blank Below—Be a
Prize Winner Christmas Eve.

Every Active Contestant Will Win

No Matter Whether You Live In the City or Country,
your Chances Are Equal—Territory is Divided
Into Two Districts.

The Ada Daily and Weekly News' \$3,000 Christmas Prize Contest opens officially Saturday, November 6. It will close Thursday, December 23—just a few days before Christmas—at 8 p. m. Nominations will be received during the coming week and thereafter, and receipt books together with full particulars regarding the campaign, will be mailed or delivered to every one interested. Nominations are wanted from every part of Pontotoc county and territory contingent thereto. Send in your list of nominations. \$25.00 in gold to the first person who nominates the winner. Send us the name of the person whom you think could win.

There are seven big prizes offered besides a 20 per cent cash commission to all active non-prize winners. No one will go unrewarded.

Absolute fairness is assured to all who engage in this contest. No favoritism will be shown anyone. What the News publications want is paid in advance, bona-fide subscribers and the best way these can be secured is by personal solicitation, writing letters, and by the assistance of friends and neighbors. This is not a something for nothing plan—it is a straight forward business proposition and there is no reason why any reputable person should not enter his or her name NOW.

Early Start Means Much.

This campaign is to be of very short duration. It will extend over a period of but six weeks. The candidates who see the opportunity here presented and throw their hats into the ring right at the beginning will have a big advantage over those who hesitate and hold aloof. There is everything to gain and nothing to lose in this race. Do the first thing first. Write down your name and address on the nomination blank below and mail it at once; or better still, if you can, come to the office of the Ada News and get detailed information at first hand.

Once you have entered the race, do not drop out. You can win. Some one is going to ride in his or her own Essex on Christmas. Why not you?

Everyone Wins.

The Evening and Weekly News do not ask residents of Pontotoc county to canvass for subscriptions and then take chances on getting a reward for their efforts. The News agrees to pay all candidates who participate in this big Christmas Prize Distribution a cash commission of 20 per cent (\$1 out of every \$5 collected) for all subscription money turned in, provided they turn in one or more subscriptions each week after they start to work, and in the event such candidates do not win one of the eight prizes offered. Candidates who enter this campaign are not flinching with a game of chance, for all active participants will be fittingly rewarded.

Time to Act Now!

Don't be a "sit-on-the-fence." Be a "doer." The best way to test your initiative is to sign and send in the nomination blank appearing below AT ONCE. This starts you. The rest will be easy. You will not find vote getting at all hard or tiresome. In fact, it will afford a great deal of pleasure and should prove exceedingly profitable. Show your ambition. **ACT NOW!**

Receipt Books Ready

The Daily and Weekly News has printed a large number of receipt books for the use of candidates and their friends in taking subscriptions. These receipt books will be mailed out as fast as nominations are received and will be delivered to those who call for them.

The Sixth Prize Will Be

HANDSOME 15 JEWEL GOLD WATCH

Contributed by Mr. Coon and on Display in the

ADEQUATE PAY
FOR TEACHERS

Teachers worthy of places in the schools in which American children are prepared for life, for making a living, for the duties and responsibilities of democratic citizenship, and for eternal destiny, can never be fully paid in money. Men and women worthy of this highest of all callings will not think first of pay in money or in any other form. For teachers, Ruskin's saying holds: "If they think first of pay and only second of work, they are servants of him who is the lord of pay, the most uneternal field that fell. If they think first of the work and its results and only second of their pay, however important that may be, then they are servants of Him who is the Lord of work. Then they belong to the great guild of workers and builders and saviors of the world together with Him for whom he do the will of Him that sent Him and finish His work was both meat and drink."

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success. They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they clear clouded brain and perk up the spirits.

Wiser, happier, sin and suffering made less; the common wealth made more; social purity and civic righteousness increased; public laws made more just; patriotism broadened and purified, state and nation made stronger and safer against attack from without and decay from within; and the world lifted onto a higher plane and into a brighter sunshine and purer atmosphere, are possessed of wealth unseen and for most unseeable.

But this should not be made an excuse for putting public or private education on a charity basis, nor for paying teachers the miserably low wages they are now paid. It should not be made an excuse for paying such wages as will not permit schools boards and superintendents to fix reasonable minimum standards of qualifications for teachers because young men and women who expect to teach cannot afford to incur the expenses necessary to prepare themselves to meet the requirements of such standards. ANNOUNCEMENT

Due to the inclement weather, which prevented the ladies from getting out to attend our formal opening today we have induced Mr. Temple of the Fleishman Yeast Co., to remain throughout tomorrow and give the ladies of Ada and vicinity an opportunity to witness the demonstrations in expert baking of bread and pastry.

All are cordially invited to attend.

Cook books containing 65 delicious recipes, "made with bread" given as souvenirs to all attending our opening, Tuesday, November 9.

should not be made an excuse for failing to increase the pay of teachers, as the pay in other professions is increased in recognition of proved merit and in proportion to increasing ability gained through experience, continued study, and constant devotion to duty.

Hard-working men are more liable to kidney, liver and bowel disorders than others, therefore Prickly Ash Bitters is the worker's friend, because it keeps a man's vital organs in sound vigorous condition. Price \$1.50 per bottle. Sold by Gwin & Mays Drug Co. (adv)

Worth Trying.
"Here I am, unable to find a place to lay my head, yet the town is full of garages," said the fretful visitor.
"Why don't you speak to a garage owner?" asked the optimistic citizen. "For the price of a hotel room and a bath he might let you sleep in a car."

For Economy's Sake.
Mrs. Exe—What. You let your girl off every afternoon?
Mrs. Wye—Yes, indeed, and it's quite a saving. The more she is away the fewer dishes she breaks.

Tahlequah Defeated
By Ada Normal in
61-0 Game Saturday

Outclassing their opponents in every way East Central State normal gridiron warriors defeated Northeastern State normal by the score of 61-0 on the Ada normal field Saturday afternoon.

The failure of nine forward passes, out of eleven attempted, helped to hold Tahlequah eleven to their original nothing while the Ada team reaped nine touchdowns and two safeties by playing straight ball.

Roach, Victor and Oliver registered two touchdowns each and Hardin, East and Brazil donated one each.

The visitors put up a brave fight and played a clean game but at no time were they permitted to pierce the Ada line to exceed five feet.

More than 1,000 persons saw the game and cheered wildly time after time as the Ada stars, by sheer force and superior skill, drove their opponents across the field, and planted the elusive pigskin safely beyond the home goal.

A touch of the tragic was added near the end of the last period when Marvin Cassidy was carried from the field bleeding from a scalp wound received while making a magnificent tackle.

The line up:

Ada	Pos.	Tahlequah
Brents	LE	Hunt
Cassidy	LT	Schulke
Cannon	LG	Wilson
Brazil	C	Fite
Dorsey	RG	Patterson
Hardin	RE	Willbright
MacMillan	RT	Thorne
Cover	QB	Willbright
Oliver	LB	Lawrence
Roach	RB	Goins
Washington	FB	Thompson

The score by periods:

Three new divorce cases have been filed in the district court of Pontotoc county, according to the records in the district clerk's office.

Edward Deaton alleges cruel treatment and neglect in his suit for divorce from his wife, Mrs. Pearl Deaton. He alleges that he married the defendant at Wewoka January 8, 1918, and lived with her until some time recently. He is represented by Joseph Anderson as attorney.

Cruel and abusive treatment is advanced as the reason for the suit for divorce filed by Mrs. Willie Needam against her husband, John Needam. She states that she was married to defendant at Allen, December 17, 1919, and left him on August 17, 1920. During the time she lived with defendant he was cruel and abusive to her, she alleges. She asks for a divorce and the restoration of her maiden name, Willie Shelton. She is represented by Wimlish & Duncan.

Suit for the annulment of marriage has been filed by Solon McDonald. He states that he was married to Oia Gray at Allen October 20, 1920, but that the contracting parties are first cousins, and for that reason the marriage was void. He asks that the marriage be set aside. He is represented by A. C. Chaney.

Teacher Training Class.

The teacher training class will meet this evening in the Christian church at 7:30. The class will study the early life and times of Abraham. A little while will be occupied in a study of the distribution of the races of mankind starting with the flood and coming down to the present time. Visitors always welcome.—C. V. Dunn, Instructor.

Christian Church to Hold Revival

The Christian church will hold a revival meeting beginning the twenty-first of this month. Charles M. Schoonover, of Durant, will hold the meeting. Brother Schoonover is doing a successful work at Durant and is much loved by the people there. He is known to some of the people of Ada, and was Dr. Linscheid's minister for some time. Mrs. Schoonover is a fine singer, but we can not say at the present time whether she will be here or not. The question of the man was decided on yesterday in the meeting of elders and deacons, to whom the church had left the decision. We are looking forward to a good meeting.—C. V. Dunn, Minister.

and will be found on display in the window of their store. We are very glad to give such useful as well as artistic articles as our eighth prize.

To those who do not win one of the eight prizes we will give a twenty per cent commission on all the subscription money they bring in.

Early Start Means Much.

The campaign is to be of very short duration. It will extend over a period of but six weeks' time. The club member who sees his or her opportunity and throws a hat into the ring at once will have a better opportunity than the one who hesitates and holds aloof. There is everything to gain and nothing to lose by joining the salesmanship club at once.

Do the first thing first and sign

the blank in this paper called the nomination blank, and then send it—or better still, bring it—to the Ada Daily and Weekly News office, and we will give you the detailed information as to how to go about the work, at first hand.

Once you have joined the club get out and work. Don't get discouraged and drop out. You can win. Someone is going to ride in that Essex car and it might as well be YOU.

Time to Act Now.

Don't be a "sit-on-the-fence." Be a "doer." The best way to test your salesmanship ability is to fill out the nomination blank and bring it to this office. We will give you the books and information necessary and the rest will be easy. Start AT ONCE. You will find it not at all hard to secure the credits. In fact it will afford you a great deal of pleasure and should be exceedingly profitable. Show your AMBITION. ACT NOW!
